educators. The purpose of the town hall-style meetings is to gain public input on the status of Hispanic education. Juan Sepulveda, Director of the White House Initiative, led "community conversation" at the UC Center in Fresno.

Police Website - Safety and security for faculty, staff and students has always been one of the highest priorities. To that end, a newly designed district police website has just been completed. Important information can be found on the website regarding safety and security on the campuses and centers. Campuses are "mini cities" and incidents do happen, and it is important to be aware and prepared. The website can be accessed through the main page of each campus and center website as well as the district website, and includes important information on preventing crime on campus.

Art Elish - Earlier this month Dr. Crow shared with the Board the recent passing of Dr. Arthur Elish, former Dean of Instruction of Fresno City College. A memorial service will be held in the FCC library on Sunday, September 6, at 2:00 p.m. Dr. Elish started at FCC in 1973 and served 26 years as the Dean of Instruction. In addition he served as acting president at FCC on three occasions before retiring at the end of June in 2002. Art dedicated his life to serving the college and was personally involved in hiring hundreds of faculty and staff over the years. He will be missed. The family is asking any remembrances to be sent to the SCCC Foundation, attention, Dr. Arthur Elish Memorial Scholarship Fund.

Public Hearing and
Adoption of 2009-10
Final Budget
[09-50]
Action

Mr. Brinkley gave a slide presentation on the 2009-10 Final Budget. He reported the SCCCD 2009-10 budget is balanced and the budget development was guided by three criteria: 1) Maintain student access, 2) maintain current permanent staff, and 3) adopt a balanced budget. Mr. Brinkley presented the 2009-10 budget considerations from the perspectives of the state and the district. He compared the 2008-09 and 2009-10 budgets and discussed the general/categorical funding shortfall. Mr. Brinkley summarized by stating SCCCD will serve more students than are being funded by the state; current permanent staff is being maintained; categorical funding is expected to be increased by the federal stimulus funding for one year, allowing very modest adjustments to the budgets; the SCCCD budget is balanced; and the budget represents a large change in the SCCCD operating practices as a result of severe state revenue shortfalls.

Mr. Smith opened the public hearing on the matter for adoption of 2009-10 final budget at 5:45 p.m.

Mr. Reznik had a question on the \$9.3 million loss in general revenue and was having difficulty understanding what that directly relates to. He said his understanding from Mr. Brinkley's last presentation is that was a reduction in what we had expected originally, and it is not clear what we are actually down in general fund revenue from last year.

Mr. Brinkley responded that general fund revenue last year was \$134,700,000 in the P2 report and that will not be finalized until February, but the general fund revenue this year is projected to be \$134.7 million. SCCCD's budget this year, just general fund revenue, is based upon \$131.3 million. Had this been a typical year, the base budget would not have been \$134 million. The \$134.7 million we received from state was deficated. SCCCD's general fund revenue would have been projected to be \$137 million, but the state cannot fund that and so they have reduced our budget from what we normally roll over to be \$137 million down to \$131 million. So, there is a pure \$6 million reduction in what would be normal had we not received COLA and not received growth. The additional \$3.3 million is growth funding, and in this district growth funding has been critical to advancing a lot of programs. There is actually about \$3.3 million in growth that we did not budget. We would have anticipated \$137 million in state funding to have rolled over regardless of what would have happened. But, with the budget cuts, they have taken us down to purely \$131 million, so there is a true \$6 million reduction because there is clearly in excess of \$3 million in reductions last year to this year.

Public Hearing and
Adoption of 2009-10
Final Budget
[09-50] (continued)
Action

Ms. Judy Ramirez from the FCC EOPS Program asked about the additional reductions to the categorical program from last's month presentation. She also commented on how the budget is affecting the FCC EOPS program this year, compared to where it was last year. She said last year at this time the program served 1,950 students for the semester, and they were able to assist those students with \$200 book assistance. This year they were only able to serve 1,500 students with \$150 book assistance.

Hearing no further comment from the public, Mr. Smith closed the public hearing at 5:52 p.m.

In Board discussion, Mr. Patterson asked where and when the categorical funding cuts will be applied—books, awards, different classes, personnel, at the beginning or end of the fiscal year. Mr. Brinkley responded that based on the budget, the reductions are being taken today. The federal monies are going to be small so there is no advantage in waiting to apply the reductions. The reductions are taken across the board.

Ms. Smith suggested that microphones be provided for the audience for public hearings in the future.

Ms. Smith asked if any money is being saved by implementing the \$6 per unit student fee increase because of the expenses of mailing notifications and billing, and what happens when students do not pay the fee increase. Mr. Brinkley explained that notifications are sent to students by email and U.S. mail, and the students who do not have BOG waivers are responding by paying the additional fees. Ms. Smith also inquired about how the reduction in classes and resources was determined. Dr. Azari and Dr. Hioco explained some of the criteria such as eliminating low enrolled classes and multiple sections. Ms. Smith asked why CSUs and UCs cannot take on additional students the way community colleges are doing. Dr. Crow explained that the community colleges are open door, while the CSU and UC systems have a hard cap on enrollment. These two different philosophies are based on how funding is allowed. Community colleges may have reached the limit, as well, on how gracious they can be in accepting students if there is no funding for enrollment growth. Ms. Smith stated that she has more questions and will contact administration directly. She said it goes back to what Mr. Patterson had said in terms of discussing the budget, and maybe an in-depth workshop is needed.

Mr. Caglia thanked the schools for the reductions they have made. He is curious about one reduction based on the staff comment from the EOPS program who spoke during the public hearing regarding the reduction in the book allowance. He asked

Public Hearing and

[09-50] (continued)
Action

how that decision was made. Ms. Ramirez responded that the staff looked at how they could make the program work with the money available, and decided to serve fewer students now. If the federal stimulus dollars comes in, then next semester the services could be brought back.

Ms. Barreras asked if the colleges have reserves which could be used to supplement. She said it seems that the cuts are drastic in terms of her concerns about FCC library, tutorial services and counseling. She asked how the reductions are impacting students who need basic skills.

Dr. Crow said the campuses do have reserves; however, the Board has been hearing since about March about a two- to three-year problem. To build this budget, the campus reserves essentially were frozen so that reserves cannot be used to balance their budgets for 2009-10. The 2010-11 budget year is not expected to be any better so the philosophy has been to make the hard cuts in 2009-10, and look to using some reserves in 2010-11 to balance the budget. From what has been gathered from the state, the district is not anticipating any growth money either and that is why reserves have been frozen in order to hold it for the 2010-11 budget.

Ms. Smith said she has seen from her experience on the state and national boards what can happen when schools start using their reserves, and suggests the district stay away from using reserves.

Mr. Thonesen complimented staff and said the people in the district have done well in taking on more students and cutting back in the budget where they can, and he appreciates it.

Mr. Patterson noted receiving positive comments on how faculty and staff have a great attitude of doing all they can for students.

Ms. Smith expressed her appreciation of the faculty and staff who work directly with the students.

Mr. Smith noted concern for students who cannot find their final classes here to transfer to four-year schools. He asked for attempts to accommodate those students in that situation to the extent possible. Budgetarily it may not be possible, but if anything can be done, he would like to see us do it.

Dr. Crow said this semester there has been better intercampus cooperation for helping students find the classes they need at other locations within the district.

Consideration to
Review Contracted
Legal Services
[09-52]
Action

Dr. Crow introduced the item to review contracted legal services. About three years ago the Board approved the use of specific legal firms and designated areas for the first time, formally. The areas were land acquisition, collective bargaining, employment law, and general business. Prior to that selection (September 2006), Request for Proposals (RFP) were sent to interested legal firms. A screening committee, which included trustee representation, made a recommendation of the firms to be selected and was presented to the Board of Trustees for decision. Administration is proposing that it is appropriate to again go out with RFPs and is asking the Board for input, to give direction on the categories the Board would want to include, and to identify Board representation on the screening committee. Administration hopes to have the process completed and to bring the selection of legal firms to the Board at their January 12, 2010, meeting.

General Counsel Greg Taylor gave some recommendations and comments on the categories and the process. He recommended the same four categories, which are general business, collective bargaining, employment law, but changing land acquisition category to real estate. He said the category of land acquisition does not adequately describe the types and complexity of real estate transactions and litigation for which the district has gone to and relied upon from outside counsel. Administration is recommending the change from land acquisition to real estate, and has no other changes in the four recommended categories.

Ms. Barreras asked for clarification on when the firms were approved and stated she did not see why there should be RFPs at this time when the time could be invested in other issues and that the district should continue to use the current list.

Dr. Crow responded that the initial list was approved in September 2006, but since that time there have been a couple occasions when firms were added through Board action.

Mr. Smith thought that the Board should look into it stating that other people should be given a chance and to also look at how the work was distributed and how well it has worked for the district.

Board members discussed with Mr. Taylor how and why the additions of legal firms transpired after the initial September 2006 approval of outside legal firms. Mr. Taylor said that at the time Best Best & Krieger was selected in 2006, they had a one-man Fresno office and that lawyer has since joined another firm, and the district continues to use the firm on a limited basis. He also discussed the use of Mr. Kevin Dale of Best Best & Krieger as an interim general counsel after Ms. Eileen O'Hare resigned as the general counsel for SCCCD. Mr. Taylor continued that the reason the district would go to another firm that might not have been on the list is for something in which a firm that regularly provides services to us would be conflicted out. An example would be for an investigation and our ability to maintain impartiality. We would want an investigator that didn't have a continued expectation of business for the firm.

Ms. Smith thought the matter probably should be delayed until Board members can have a more detailed picture of our legal services.

Mr. Smith asked if there was some desire to table for a month and then come back.

During the discussion above Mr. Patterson said he had made the motion to go out for RFPs in the four categories recommended by staff (collective bargaining, employment law, general business, and real estate, which was changed from land acquisition). It was not clear who may have seconded the motion.

Mr. Caglia asked for clarification on what was before the Board for consideration.

Dr. Crow responded that staff is asking the Board to designate the four recommended categories, authorize administration to advertise for the RFP, and identify trustee(s) who wish to serve for the interview process.

Mr. Smith requested that the first and second of Mr. Patterson's motion be withdrawn and then he would entertain a motion to table this item for one month.

Mr. Thonesen asked what the advantage of delaying for a month would be. Dr. Crow said that staff would be able to provide the Board with the details requested.

Ms. Barreras said because some members had thought that she seconded Mr. Patterson's motion, she is withdrawing the second. Mr. Patterson asked if there was a second to his motion so that at least the Board could vote on whether or not to go out for an RFP. Mr. Smith asked for a second to the original motion by Mr. Patterson. The motion failed for a lack of a second. Mr. Smith said he would entertain a motion to table this item until the next meeting. Ms. Smith added according to Robert's Rules that if something is tabled to the next meeting it has to be acted upon at that meeting, or it dies. Mr. Smith asked Mr. Taylor for his opinion to which Mr. Taylor replied that it could be tabled indefinitely, or tabled to return at a definite time.

Mr. Thonesen moved to delay the decision to review outside legal services for one year; Ms. Barreras seconded the motion.

Mr. Patterson discussed the feasibility of doing RFPs now because of the changes in business relationships with some of the legal firms and the probability of better prices because of the economic climate.

Ms. Smith called for the question to the motion by Mr. Thonesen/Ms. Barreras to delay the decision on RFPs for legal firms for one year. Mr. Smith asked for a roll call vote. The motion failed by the following roll call vote (5-No, 2-Yes).

Ms. Barreras	Yes
Mr. Caglia	No
Mr. Feaver	No
Mr. Patterson	No
Ms. Smith	No
Mr. Thonesen	Yes
Mr. Smith	No

Consistent with what Mr. Patterson was discussing, Mr. Smith identified some changes that have occurred with the legal firms over the last three years, such as lawyers who have left the firms and had been doing the outside counsel work for the district. In Mr. Smith's opinion there is sufficient change to warrant the Board to take a good look at the legal contracting issue.

Mr. Smith asked if there was a motion to table the item until the next meeting.

A motion was made by Mr. Caglia and seconded by Mr. Feaver that the Board of Trustees table for one month the consideration to review contracted legal services.

In introducing this item, Mr. Smith announced that Mr. Jason Meyers has submitted a request to address the Board about this item. Mr. Smith, however, said that he will address this with some information he has that may obviate the matter. He said Mr. Ray Johnson, Executive Director of the African American Museum, who addressed the Board last month, has since been asked to provide certain information and perhaps through a misunderstanding between the parties, the information is not available for this meeting. Ms. Smith, the originator of the item, was asked to speak to the matter.

Ms. Smith said that at the last meeting during the consideration to have SCCCD partner with the African American Museum, there was a request to get more information, and administration was directed to get what the Board needed from Mr. Johnson. But, from her understanding it was delayed; however, she wanted to make it clear, that once he received administration's request, he did start working on it. Ms. Smith said based on what she has heard from the Academic Senate, they are, indeed, in favor of partnering but not at this time because of the financial constraints. She appreciates the support of the Academic Senate, plus other staff support that the African American Museum has had regarding this. She thinks there may still be creative, positive ways to work on this as a district, and as a staff, and with those who are in agreement.

Mr. Smith asked if there was a motion to table the item again.

Ms. Smith said that she called ACCT and talked with a registered parliamentarian regarding this matter. She was advised that since the item was tabled to this month and if the Board does not act upon it and make a decision, it actually dies. The item can be brought back next month as a new agenda item, but it cannot be tabled again.

Mr. Patterson said a motion and second was needed to have discussion and action. He said Mr. Caglia and Ms. Smith had

requested to have an agreement on this agenda. Since there is no partnership agreement, there is nothing to act upon.

Ms. Smith made the motion to continue to consider the partnership with the African American Museum and asked counsel if the motion was appropriate.

Mr. Taylor discussed Ms. Smith's advisement from ACCT and concluded that he was not aware of the rule, without the citation, that the Board cannot table an item two meetings in a row. His opinion is that a motion to table either indefinitely or to a specific time would be allowable.

Ms. Smith restated her motion to continue to consider the partnership agreement with the African American Historical and Cultural Museum and to table the item indefinitely. Ms. Barreras seconded the motion. The motion passed unanimously.

Mr. Meyers withdrew his request to address the Board regarding this item.

Background:

The Fresno City College Dental Hygiene Department currently has a vacant 12-month Office Assistant III, position #2477. This position is responsible for scheduling appointments, maintaining patient files, collecting fees, preparing deposits, and performing other duties associated with the clinic and Dental Hygiene Department. The position is currently a 12-month position; however, the clinic is closed during the summer months. Therefore, administration is recommending reducing the position to a 10-month position. This change would be a salary/benefit savings of approximately \$7,594 per year.

Recommendation:

It is recommended that the Board of Trustees approve the reduction of the vacant Office Assistant III, position #2477, Fresno City College from 12 months to 10 months, effective October 7, 2009.

DATE: October 6, 2009

SUBJECT: Consideration to Adopt 2010-2011 and
2011-2012 Instructional Calendars for Fresno
City College, Reedley College and North Centers

ITEM NO. 09-97G

EXHIBIT: Proposed 2010-2011 and 2011-2012 Calendars

Background:

The proposed 2010-2011 and 2011-2012 instructional calendars have been developed with identical schedules for the colleges and centers for the fall/spring semesters and summer sessions. The calendars were developed as they have been in the past, with two exceptions. The four-week summer session for 2011 has been removed, and the six-week summer session has been moved up. With budgets permitting, it is hoped that the four-week session may be reinstated with the 2012 summer session.

In accordance with current District/Federation contracts, the calendars provide for one flex day per semester.

Recommendation:

It is recommended that the Board of Trustees adopt the 2010-2011 and 2011-2012 instructional calendars for Fresno City College, Reedley College and North Centers.

SUBJECT: Consideration to Approve Resolution to
Renew Application for Federal Surplus
Property Program, Districtwide

ITEM NO. 09-102G

EXHIBIT: Resolution

Background:

In the past the Board of Trustees has authorized certain staff members to sign warehouse issue sheets for the purchase of equipment through the California State Agency for Surplus Federal Property. Through this procedure the District is able to save considerable money from time to time on items of equipment available from this source. Purchases are generally made through staff visits to the warehouse to select items for use in the instructional programs (primarily occupational programs). The Agency periodically requests a renewal of authorization and an updated list of staff authorized to sign for surplus property. We have been notified that it is now time for a renewal.

Recommendation:

It is recommended that the Board of Trustees adopt a Resolution naming the following staff members to sign warehouse issue sheets for acquisition of federal surplus property from the California State Agency for Surplus Property:

District Office	Douglas R. Brinkley	Vice Chancellor Finance and Administration
District Operations	Brian Speece	Associate Vice Chancellor Business & Operations

PRESENTED TO BOARD OF TRUSTEES

DATE: October 6, 2009

SUBJECT: Consideration of Bids, Lease of District-owned Property, Reedley College Farm ITEM NO. 09-55

EXHIBIT: None

Background:

In May 2009 the Board of Trustees awarded an interim lease agreement for temporary agricultural services for acreage at the Reedley College Farm. This approved lease was made necessary due to a contract default by the vendor that had been leasing farm property for a number of years. This lease, awarded to Wawona Packing Company, was a short-term solution to remain in place while the administration pursued a long-term lease through the Request for Proposal (RFP) process. Wawona Packing, working in partnership with Moonlight Packing Corporation, has performed well in maintaining these farm parcels under the interim lease agreement.

Past practice and related Board action have determined that the best interests of the District are served by leasing farm parcels to independent contractors in a cooperative effort to create instructional opportunities while generating income for Reedley College. In June 2009 the Board of Trustees approved a Resolution of Intent to Lease these farm parcels, currently under the temporary lease agreement, on a long-term basis. Bid proposals were prepared and the Resolution of Intent to Lease was published and posted as required by law. Nine local farming/packing operations were contacted directly and additional information regarding the RFP was communicated through the Reedley Farm Bureau. Additional outreach efforts were made by Reedley College through their Agricultural Advisory Committees and the Ag Backers Council to generate interest and distribute RFP's to interested parties. Proposals were opened on September 22, 2009, but, despite the efforts of staff, a single bid was received as follows:

<u>Bidder</u>	<u>Parcels</u>	<u>Bid Amount</u>
Moonlight Packing Corp., and Wawona Packing Company	0, 5, 7, 10, 22, 23, 24, 25, 26, 27, 32 & 35 (122 acres)	\$401.00 annually per acre (developed parcels)
	4 & 6 (10 acres)	\$201.00 annually per acre (undeveloped parcels)

Developed parcels are defined as currently producing acreage with existing tree fruit. The contract provider is responsible to fully farm and maintain these parcels. Undeveloped parcels are defined as vacant land or land with newly planted trees and/or existing trees newly grafted. The contract provider is responsible to fully develop these parcels. The length of time a parcel remains at the undeveloped rate may not exceed three years.

As indicated through their RFP response, Moonlight Packing Corporation and Wawona Packing Company have proposed partnering together to farm the 132 acres of Reedley Farm Parcels under a long-term agricultural lease agreement. In keeping with the current temporary agreement and common farming practice, the cost per acre will be paid in advance, due annually for a 10-year term. A provision is included to extend this agreement for an additional five years with the consent of both parties.

Fiscal Impact:

\$50,932.00 – Rent due annually from Moonlight Packing Corporation and Wawona Packing Company for lease of 132 acres of Reedley Farm Parcels.

Recommendation:

It is recommended that the Board of Trustees award a Lease Agreement to Moonlight Packing Corporation and Wawona Packing Company for the farming, maintenance and development of Parcels 0, 4, 5, 6, 7, 10, 22, 23, 24, 25, 26, 27, 32 & 35, totaling 132 acres at the Reedley College Farm, and authorize the Chancellor or Vice Chancellor, Finance and Administration to sign an Agreement on behalf of the District.

Background:

In September 2006, the Board approved the use of specified legal firms in designated areas of land acquisition, collective bargaining, employment law, and general business. Previous to the selection, a Request for Proposal was sent to interested legal firms. Interviews were conducted to make recommendations to the Board for approval. The interview panel included a trustee representative.

It is appropriate at this time to review contracted legal services. Prior to the issuance of the Request for Proposal, it is recommended that the Board review the present categories and make changes as needed. The administration also recommends that Board representation on the interview panel be designated at this time. The present categories and approved legal firms are as follows:

Land Acquisition:	Lozano Smith Best Best & Krieger Dowling, Aaron & Keeler
Collective Bargaining:	Zampi, Determan & Erickson
Employment Law:	Liebert Cassidy & Whitmore Best Best & Krieger
General Business:	Garcia Calderon Ruiz Best Best & Krieger

The administration will prepare the RFP and distribute them after the Board's action to identify the categories and trustee representatives to the process. It is anticipated that a recommendation can be made to the Board for action at the January 12, 2010, meeting.

The item was tabled at the September 1, 2009, meeting to allow the Board more time to study the item.
