DISTRICTWIDE MISSION (draft)

Fostering equitable student access and achievement is at the heart of all efforts across the State Center Community College District.

We – the faculty, classified professionals, and administrators at our four colleges, off-campus sites, and District Office – are united by this commitment.

In collaboration across the District and with our community partners, we serve the diverse and vibrant Central Valley by delivering a comprehensive array of postsecondary educational programs and support services to meet a range of student goals, including associate degrees, transfer, employment-ready certificates, and lifelong learning.

Together, we create innovative, inclusive, and anti-racist teaching and learning environments at each of our four colleges – Fresno City College, Reedley College, Clovis Community College, and Madera Community College – that are welcoming and student-centered, designed to bolster our students' social and economic mobility locally, regionally, and globally.
