Vision + Mission

VISION

Advancing equitable student access and achievement is at the heart of our work at State Center Community College District.

MISSION

We – the faculty, classified professionals, administrators, and Trustees at our four colleges, off-campus sites, and District Office – are united by this vision.

In collaboration across the District and with our community partners, we serve the diverse Central Valley and strengthen our vibrant economy. We efficiently deliver a comprehensive array of postsecondary educational programs and support services to meet a range of student needs and student goals, including associate and baccalaureate degrees, transfer, employment-ready certificates, and lifelong learning.

Together, we create innovative, inclusive, and antiracist teaching and learning environments at each of our four colleges – Fresno City College, Reedley College, Clovis Community College, and Madera Community College – that are welcoming, accessible, and student-*centered, designed to bolster our students' social and economic mobility locally, regionally, and globally.*
