championship events for the 2011-12 academic year. Fresno City College is the inaugural recipient of the Junior/Community College Learfield Sports Directors' Cup, which recognizes the nation's top overall athletic departments based on the performance of its men's and women's teams. The Rams brought home state championships in wrestling, men's basketball and men's tennis. Earlier this month the Rams received the Alliance of Two-Year College Athletic Administrators Cup.

- Jothany Blackwood, Claudia Habib and Diane Clerou have been selected to present a panel discussion on *The Working Mom Juggling Act: Balance Life and Maximize What Matters Most* at the 25th Central California Women's Conference. The conference takes place on September 18 at the Fresno Convention and Entertainment Center.
- Dr. Brian Olowude and Naomi Blanco presented a proposal, *The State Center Community College District-Student Mental Health Consortium*, to the California Community College Student Mental Health Program (CCC SMHP). As a result, both Fresno City College and Reedley College will receive over \$246,000 for the next two academic years. Faculty and staff will receive training on student mental health issues such as suicide prevention and peer-to-peer services. It will help to expand best practices and programming for target populations such as student veterans, students with invisible disabilities, and underrepresented minority students.

Ms. Ikeda reported on topics of interest from the Willow International Community College Center. Copies of the report were provided for the Board and interested attendees, and contained the following highlights:

- This is the fifth year for the Madera Center's Upward Bound program. The program kicked off its Summer Enrichment Program on June 4. Madera High School and Madera South High School students are participating in workshops, high school credit courses, and in high school enrichment during the summer program. In addition to the academic program, students will also participate in cultural and social activities. Over fifty participants are attending.
- The English teachers from Career for Advanced Research and Technology (CART) along with their CEO and dean of instruction and curriculum, met with Willow International Developmental English instructors and the Vice President of Instruction and Student Services on June 6 to discuss a possible articulation partnership. English faculty will continue moving forward with this partnership.

- Instruction for the summer session at the North Centers began on June 18. The North Centers offered 42 classes with an enrollment 1,384 students. As of June 21 they were at 91.84% capacity. Summer session will end on July 26.
- Cohort #2 of the LVN-RN program began on June 18. There are fifteen students enrolled. This cohort will be completed in May 2013.

The Madera/Oakhurst ASB will also be participating in Willow International's Student Leader Workshop/Mixer.

Chancellor's Report

Dr. Blue reported the following:

- Welcome to Ms. Deborah Ikeda, the new campus president of Willow International Community College Center. Ms. Ikeda has served for the past 30 years in various roles within the district including 22 years as interim vice president of and associate dean of students, counseling and guidance. For the past 7 years she served as vice president of instruction and student services at the North Centers. Ms. Ikeda's background and history with the organization makes her a perfect fit for the position as Willow International continues to move towards candidacy.
- Dr. Blue also welcomed Ms. Diane Clerou to the position of Interim Associate Vice Chancellor for Human Resources. Ms. Clerou has been serving as district Dean of Human Resources for

the past 9 years and is well versed in current human resources practices and procedures. Prior to joining the district, Ms. Clerou served as assistant chancellor of human resources at Kern Community College where she was the liaison between the district office and three college campuses on personnel matters at all levels. At Kern she also served as the lead negotiator on the classified union contracts and served as a team member for faculty contracts and was responsible for the coordination of the district's staff diversity program.

- In an effort to better utilize space and to alleviate severe overcrowding at the current district office location, several departments will be moving this month to the Clovis Center on Herndon Avenue. The SCC Foundation; District Admissions & Records/Institutional Research; Grants and External Funding; and Educational Services & Institutional Effectiveness are part of the relocation to the Clovis Center. The Training Institute, currently located at the Clovis Center, will move back to Fresno City College. The State Center Consortium will remain at the Clovis Center but will move from Building b to Building a. While the official title of the site has yet to be determined, for ease of clarification refer to the Clovis Center as the "District Office North." Mr. Fox's office has been working closely with Brian Speece and information systems to coordinate the move. Existing space at the current district office will be used to provide more space for departments that are severely cramped. The long-term goal will be to move the remaining departments out to District Office North. This is all part of the districtwide facilities master plan.
- In the process of packing to move to the District Office North, the foundation made an exciting discovery. Historical documents found in the warehouse revealed this year the foundation will celebrate its 25th anniversary. The list of the original board was discovered and it included Trustee Willie Smith and Trustee Pat Patterson as well as others that have remained loyal to the foundation and its mission for 25 years. Foundation Director Gurdeep He'Bert has started working on some exciting projects and events to celebrate the foundation's 25th birthday.

2012-13 Budget  
Update

Ed Eng presented an update on the district's 2012-2013 budget. He presented two scenarios: one if the governor's tax initiative fails and one if it passes. The district built the budget on the assumption that the initiative will fail in November. Mr. Eng also reviewed apportionment/general fund trending and the projected reserves.

2012-13 Budget  
Update (continued)

Mr. Smith discussed the issues facing San Francisco Community College. Ms. Smith stated the district needs to be reminded of the problems San Francisco is facing and make sure this district is covering all its bases and remaining focused. She said the problems in San Francisco did not happen overnight. It has been an ongoing problem for years.

Ms. Barreras asked about the RDA mandated block funding. Mr. Eng stated if the district files the paperwork for this process it could take 10-15 years before the district sees any money. In addition, the district could be audited on any mandated claims. This costs the district's staff and administration time to go through the audit, and the claim amount could be reduced during the audit process. The advantage of receiving the money upfront is there is no audit and no paperwork involved. The district would be giving up future money, however, given the current financial situation, this is a better option for the district.

Retirement Board  
(GASB) Update

Ed Eng presented a report on the district's investments in the GASB 45 Solutions Program Trust. Mr. Eng reviewed the performance evaluation for the third quarter of the year, which improved by \$200,000.

Mr. Nishinaka stated that the retirement board reviewed the portfolio at the May 21, 2012, meeting and was satisfied with the current strategies. The board may consider modifying the strategy in the future.

Facilities Master Plan  
Update

Brian Speece presented an update for the Facilities Master Plan, with a focus on the site plans. The Facilities Master Plan will come back to the Board in September for final approval. Mr. Nishinaka requested a meeting to review the landscape list of trees and plants. Mr. Speece introduced Mr. Bob Petithomme from Darden Architects.

Mr. Petithomme presented the site plan for FCC. Mr. Nishinaka is concerned about the removal of historical trees. Mr. Speece stated no healthy historical trees would be removed. Mr. Patterson asked if consideration was given to moving all of the sports facilities to one place to form a sports complex.

Mr. Petithomme presented the site plan for Reedley College. Mr. Smith asked if parking structures were considered to save space. Mr. Nishinaka asked if there were plans for the ponding basins.

Facilities Master Plan  
Update (continued)

President Feaver asked about the proposed Kings River Trail. He has concerns about the liability. Dr. Blue stated that the plan will be changed to reflect what is currently on the property.

Mr. Petithomme presented the site plan for the Madera Center. Mr. Smith asked if some of the agricultural land will be developed.

Mr. Petithomme presented the site plans for the Oakhurst Center, Southeast site, Clovis Center, and CTC. Mr. Smith asked about the two vacant lots adjacent to the Clovis Center. Mr. Speece stated they are not currently included in the plan.

Reed Avenue  
Realignment Update

Brian Speece reviewed the City of Reedley's proposal for the Reed Avenue realignment. The concerns about this plan include the roundabout encroachment into the campus and the loss of campus entrances and exits. Mr. Speece presented the district's alternate plan. He will be meeting again with the City of Reedley and providing progress updates to the Board.

President Feaver asked for a motion to approve the consent agenda.
