Kaiser Foundation Health Plan Arbitration Agreement.⁺ I understand that (except for Small Claims Court cases, claims subject to a Medicare appeals procedure or the ERISA claims procedure regulation, and any other claims that cannot be subject to binding arbitration under governing law) any dispute between myself, my heirs, relatives, or other associated parties on the one hand and Kaiser Foundation Health Plan, Inc. (KFHP), any contracted health care providers, administrators, or other associated parties on the other hand, for alleged violation of any duty arising out of or related to membership in KFHP, including any claim for medical or hospital malpractice (a claim that medical services were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered), for premises liability, or relating to the coverage for, or delivery of, services or items, irrespective of legal theory, must be decided by binding arbitration under California law and not by lawsuit or resort to court process, except as applicable law provides for judicial review of arbitration proceedings. I agree to give up our right to a jury trial and accept the use of binding arbitration. I understand that the full arbitration provision is contained in the *Evidence of Coverage*.

The following special enrollment information applies to coverage under a small group plan: If you decline coverage for yourself or an eligible dependent when you are first eligible to enroll, you can only enroll or change your coverage during an annual open enrollment period established by your employer, or during a special enrollment period if you have experienced a triggering event. You must request coverage within 60 days of a triggering event. Special enrollment triggering events include:

• A valid state or federal court orders that you or your dependent be covered;

• Permanent relocation, such as moving to a new location and having a different choice of health plans, or being released from incarceration;

• The prior health coverage issuer substantially violated a material provision of the health coverage contract;

A network provider's participation in your and/or your dependent's health plan ended when you and/or your dependent(s) were under active care for one of the following conditions: an acute condition (an acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration); a serious chronic condition (a serious chronic condition is a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration); pregnancy; terminal illness (a terminal illness is an incurable or irreversible condition that has a high probability of causing death within one year or less); care of a newborn child between birth and age 36 months; or performance of a surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract's termination date or within 180 days of the effective date of coverage for a newly covered insured;

• A member of the reserve forces of the United States military returning from active duty or a member of the California National Guard returning from active duty service under Title 32 of the United States Code;

• An individual demonstrates to the Department of Managed Health Care or Department of Insurance, as applicable, with respect to health benefit plans offered outside the Exchange that the individual did not enroll in a health benefit plan during the immediately preceding enrollment period available because the individual was misinformed that he or she was covered under minimum essential coverage.
