MISSION

Advancing equitable student access and achievement is at the heart of our work at State Center Community College District.

We – the faculty, classified professionals, administrators, and Trustees at our four colleges, off-campus sites, and District Office – are united by this commitment.

In collaboration across the District and with our community partners, we serve the diverse Central Valley and strengthen our vibrant economy. We efficiently deliver a comprehensive array of postsecondary educational programs and support services to meet a range of student needs and student goals, including associate and baccalaureate degrees, transfer, employment-ready certificates, and lifelong learning.

Together, we create innovative, inclusive, and antiracist teaching and learning environments at each of our four colleges – Fresno City College, Reedley College, Clovis Community College, and Madera Community College – that are welcoming, accessible, and student-centered, designed to bolster our students’ social and economic mobility locally, regionally, and globally.

Promise Activity: Fill in the Blank
TEN POSSIBLE ACTIONS

Promise Activity – TOP TEN

Strategy Ideas/Suggestions

1. Create a Lifelong Learning and Intergenerational College-Going Culture: Provide educational programs within community spaces like community centers, schools, and family resource centers.

2. Address Barriers to Part-Time Enrollment: Tackle registration practices and scheduling obstacles that hinder students from registering and attending classes that meet their schedules.

3. Improve Student Retention and Engagement: Engage students at an individual level, develop mentoring opportunities, organize activities during downtime, and create inviting spaces for students to foster a sense of belonging.

4. Expand Services for Evening Students: Consider alternative schedules for classified personnel and extend food options open later to accommodate the usage patterns of evening students.

5. Ensure Key Courses in Year 1: Ensure students take key courses in their first year to promote success and persistence.

6. Support Transportation Needs: Partner with the community to provide/continue providing free transit passes. Consider eliminating or reducing parking fees for students.

7. Explore Enrollment Opportunities Outside High School Realm: Seek enrollment opportunities that target non-traditional student populations beyond high schools.

8. Upskill the Existing Workforce: Focus on upskilling the existing workforce to meet the changing demands of the job market.

9. Train Managers for Autonomy and Accountability: Train managers on appropriate methods to create autonomy, belonging, and accountability among employees.

10. Foster a Team Mentality: Identify ways to create a greater sense of team cohesion, where everyone has an active role, striving toward defined and achievable goals.
