## HOW COVERED DENTAL EXPENSE IS DETERMINED

Covered Dental Expense is based on a maximum charge for each covered service or supply, which the Plan will accept. It is not necessarily the amount a dentist bills for the service. Covered Dental Expense will always be the lesser of the billed charge or the MAC based on the Ameritas Schedule for the procedure performed. Ameritas' Participating Dentists have agreed not to charge more than Ameritas' PPO fees. The Covered Person will not be responsible for any amount in excess of Ameritas' PPO fees when treatment is rendered by an Ameritas Participating Provider. The Covered Person will be responsible for any billed charges which exceed the MAC when treatment is rendered by a Non-Participating Dentist.
