Employee Benefits Guide

2023-2024

Plan Year: October 1, 2023- September 30, 2024

Revised 01/18/2024

This guide provides information about health benefits with State Center Community College District (SCCCD). Employees and new hires should use this guide as your go-to source for health benefits for plan year 2023-2024.
Introduction
Welcome! State Center Community College District (“District”) strives to provide you and your family with a comprehensive and valuable health benefits package. We want to make sure you are getting the most out of your health benefits—which is why we have put together this guide. This guide will summarize the employee health benefits and should be your go-to guide when you have health benefit-related questions.

When reviewing plan options, take into consideration where you live, your personal preference regarding physician choice, as well as the type of healthcare environment you prefer, so that you may choose the healthcare plans that are most suitable for you and your family members.

This guide is not intended to be a contract (expressed or implied), nor is it intended to otherwise create any legally enforceable obligation on the part of the District, its agents, or its employees. If there are any inconsistencies between this document and legal plan documents, the plan documents will prevail.

Plan Year
Our health insurance plan year is October 1st through September 30th.

Health plan deductibles, out of pocket maximums, and dental plan maximums, all run calendar year – from January 1st through December 31st.

BenefitBridge
BenefitBridge is the District’s web-based benefits administration portal. It is available to eligible employees to enroll in benefits, review benefit elections, find benefit summaries, benefit plan documents, and benefit resources, as well as complete qualifying life event changes. BenefitBridge can be accessed by visiting www.benefitbridge.com/statecenterccd from any computer or mobile device, or through the District’s MyPortal app.

The 2023 annual open enrollment period is taking place from August 7, 2023 through September 8, 2023.

Open enrollment closes at 4:30 PM on September 8, 2023!

The annual open enrollment period is the one time each year when employees can change benefit elections, add or remove eligible dependents from their health insurance plans, enroll in a Flexible Spending Account for the upcoming plan year, and enroll in voluntary benefit products.

The benefit elections you make during the annual open enrollment period will stay in effect for the 2023-2024 plan year, as long as you remain eligible for benefits.

If you make no changes to your benefit elections, everything will remain the same for the 2023-2024 plan year.

All elections/changes must be submitted in BenefitBridge no later than 4:30 PM, September 8, 2023.

Once open enrollment ends, you can make plan changes ONLY if you have a qualifying event. Please refer to page 6.

What’s new for 2023-2024?

VSP Vision Plan

The vision plan is getting an enhancement – VSP LightCare. VSP LightCare encourages members without a prescription to visit their VSP doctor to receive an eye exam and use their vision benefit to receive a pair of non-prescription ready-made sunglasses or blue light filter glasses. These services are available at VSP providers, Costco (not Sam’s Club or Walmart) and Eyeconic.

Care + Program

The Care + program will be discontinued effective 10/1/2023 for those members with chronic conditions seeking care from a Community Medical Provider (CMP). CMP providers remain contracted PPO providers with Blue Shield, it is merely the personalized care and outreach that will no longer be provided.

Flexible Spending Accounts (FSA)

The Section 125 Flexible Spending Accounts Open Enrollment Period is from August 7, 2023 through September 8, 2023.

If you wish to enroll or re-enroll in a Flexible Spending Account for the new plan year, October 1, 2023 through September 30, 2024, you must meet with an American Fidelity representative during the open enrollment period. See page 45 to learn more about FSAs.

Full-time benefit eligible employees and health plan effective dates are defined in the bargaining unit agreements, Board Policies, and Administrative Regulations.

To view the bargaining unit agreements, visit https://www.scccd.edu/departments/human-resources/collective-bargaining-unit-agreements.html for more information.

To view the board policies and/or administrative regulations, visit https://www.scccd.edu/about/board-of-trustees/policies-and-regulations.html for more information.

Eligible dependents include:

- Legally married spouse
- Legally Registered Domestic Partner
- Child(ren) – eligible up to age 26
  Child(ren) includes biological child, stepchild, and child placed under a qualified medical child support order.

Required Supporting Documents Needed for Proof of Dependent Eligibility
Below is a list of the supporting documentation required in order to establish dependent eligibility.

Employees who wish to add their eligible dependents to the health insurance plans - either at time of initial hire, during the annual open enrollment period, or with a qualifying life event - have 31-days from the event date, including the event date, to complete the enrollment and upload the required supporting dependent documents in BenefitBridge.

- **Spouse:** Copy of the certified marriage certificate and a copy of the spouse’s social security card.
- **Registered Domestic Partner (RDP):** Copies of Declaration of Domestic Partnership with the California Secretary of State and RDP’s social security card.
- **Biological Child(ren):** Copies of original certified birth certificate(s) naming the employee as child’s biological parent and a copy of the child’s social security card.
- **Stepchild(ren):** Copies of original, certified birth certificate(s) naming current legally, married spouse as the child’s biological parent and the child’s social security card.
- **Foster child(ren) or legal guardianship of a child(ren):** Copies of original certified birth certificate(s), along with court documents showing legal responsibility and/or guardianship of the child(ren) and the child’s social security card.

If you do not have the required documents, notify the District Human Resources benefits staff immediately.
Enrollment and Qualifying Life Events

**New Hire Enrollment**
Eligible newly hired employees have 31 days from their date of hire, including their date of hire, to enroll in the health insurance plans.

Newly hired employees must complete their new hire health insurance enrollment online using BenefitBridge, our online benefits enrollment administration system.

New employees who do not complete and submit their enrollment elections in BenefitBridge within 31-days from date of hire, including the date of hire, will automatically be enrolled for employee only coverage under the lowest cost health plans for the plan year as per the bargaining unit agreements, board policy and administrative regulation.

To view the bargaining unit agreements, visit [https://www.scccd.edu/departments/human-resources/collective-bargaining-unit-agreements.html](https://www.scccd.edu/departments/human-resources/collective-bargaining-unit-agreements.html) for more information.

To view the board policies and/or administrative regulations, visit [https://www.scccd.edu/about/board-of-trustees/policies-and-regulations.html](https://www.scccd.edu/about/board-of-trustees/policies-and-regulations.html) for more information.

**Changes in Dependent Eligibility/Qualifying Life Events**
Outside of the annual open enrollment period, employees have 31-days from the qualifying life event date, including the event date, to make changes to dependent enrollment on the health plans.

Employees who experience a dependent eligibility change/qualifying life event are responsible to complete the online benefit enrollment changes in BenefitBridge. Employees will be required to elect coverage and upload the required supporting dependent documents to establish eligibility in BenefitBridge within 31-days from the qualifying event date, including the event date.

Failure to complete the online enrollment change request and upload the required supporting documents in BenefitBridge will impact dependent eligibility for health insurance, health care continuation under COBRA, and may result in you incurring liability for health care expenses.

Qualifying events include, but are not limited to:

- Change in legal marital status, including marriage, divorce, legal separation, annulment, registration or dissolution of domestic partnership, and death of a spouse.
- Birth, adoption, placement for adoption, or death of a dependent child.
- Change in employment status, including the start or termination of employment by you, your spouse, or your dependent child.
- Permanent change in work schedule, including a significant increase or decrease in hours of employment by you, your spouse, or your dependent child, including a switch between part-time and full-time employment that affects eligibility for benefits.
- Change in an individual's eligibility for Medicare or Medicaid.
- A court order resulting from a divorce, legal separation, annulment, or change in legal custody (including a Qualified Medical Child Support Order) requiring coverage for your child or dependent foster child.

If you need help to determine what supporting documents are needed, contact the District Human Resources benefits staff.
Health Benefit Offerings and Costs

The District’s health benefit package includes medical, dental, vision, and life and accidental death & dismemberment (AD&D) insurances, along with an employee assistance program. The District also offers a voluntary long-term disability insurance plan, at employee cost.

The District and employees share in the cost of the health insurance coverage. The District Contribution toward the health insurance plans monthly premiums is specified in the bargaining unit agreements, board policy, and/or administrative regulation. The monthly employee portion of the premium is automatically deducted from your paycheck. Employees can elect to have the employee payroll deduction taken out on a pre-tax basis. This election can occur at initial time of hire or during the annual open enrollment period.

Our health plan premium rates are composite rates, which means the employee payroll deduction is the same regardless of how many individuals are enrolled on the plan.

Modern Care and Bronze PPO Medical Plans

About the PPO Medical Plans

- The Modern Care and Bronze PPO medical plans are self-insured plans. The District is part of a Joint Powers Authority (JPA) known as the EdCare Group, which assumes the financial risk of the health plans.
- Use the Blue Shield provider network for all benefits/services except mental health & substance abuse benefits, chiropractic benefits, and speech therapy, occupational therapy, & physical therapy benefits. These benefits have a separate provider network. To access in-network benefits and provider networks for these benefits/services, please see the provider networks below.
- When you enroll, you do not need to choose a primary care physician; however, it is recommended to find a primary physician early in order to become an established patient.
- To use in-network benefits, always ask if your provider is a “contracted provider” with the appropriate provider network. If yes, then they are in-network. If no, then they are out-of-network.
- When your primary care physician refers you to a specialist, lab, or other service providers, it is your responsibility to ensure they are in-network.
- Referrals are not required by the health plan in order to see a specialist; however, many specialists require a referral from a primary care physician.
- Telemedicine services available through Teladoc with a $0 copay. Teladoc is available 24 hours a day, 7 days a week. Registration information can be found on page 28.
- The Baby Connect program is available to employees and eligible spouses. More information can be found on page 27.
- Delta Health Systems (DHS) is the third-party administrator. DHS handles eligibility and claims for the PPO plans.
- If you should access services outside of California, please work with Delta Health Systems to ensure claims are processed correctly.

Prescription Drug Benefits – Integrated Prescription Management (IPM)

Integrated Prescription Management (IPM) is the prescription drug vendor for the PPO plans.

- Members can get prescription fills at any retail pharmacy.
- For maintenance prescriptions, after two (2) fills at the retail pharmacy all members are required to go through mail order program for future fills.
- Some prescription drugs may be excluded from coverage.

For questions regarding prescription drug benefits, please contact IPM at (877) 860-8846.

Members can access the plan formulary, prescription costs, claim information, and much more on by registering and accessing their account on IPM’s website at https://rxipm.com/members/.

Mandatory Generic Program

The plan has a mandatory generic requirement. If a member chooses to use a brand drug over a generic drug when a generic is available, the member is responsible for the cost difference between the generic drug cost and the brand drug cost.

Variable Copay Assist Program

This is a program that accepts manufacturers’ assistance for certain high-dollar medications which in turn lowers the cost to the plan and may reduce the copay for members, but will never cost more than the current copay. The program includes many, but not all, brand medications, which includes many specialty medications.

Step Therapy

Certain groups of drugs require step therapy. Step therapy requires a member to try a less expensive alternative treatment (drug) before “stepping up” to the more expensive version of the drug. Research has shown that the less expensive version has the same efficacy. Step therapy has been proven effective for most people; however, if the alternative treatment does not work the member may be allowed to move up to the more expensive drug. Step therapy helps the member and the plan in regards to costs.
Modern Care and Bronze PPO Medical Plans

Prior Authorizations

Certain medications require prior authorization. Prior authorization is a cost-savings feature that helps ensure the appropriate use of selected, usually higher costs, drugs. Prior authorization must be provided before the insurance company will provide coverage for the medication(s). If a prior authorization is required, IPM will work with you, your physician, and your pharmacy.

Maintenance Prescription Drug Mail Order Requirement

For all maintenance drugs, after two (2) fills at the retail pharmacy all PPO members are required to go through mail order program for future fills. Maintenance drugs are medications taken for an extended period, usually for chronic, on-going conditions.

BK Pharmacy is the default pharmacy for the mail order program. BK Pharmacy is located at 6741 N. Willow #106, Fresno, CA 93710. Members can elect to move their maintenance drug mail order to Walgreens.

For assistance with the mail order program, contact IPM at (877) 860-8846.

Buzz Rx

This plan continues to offer the added benefit of a discount card that can be utilized on all pharmacy claims including those excluded from the benefit.

Site-of-Care Program

This program ensures members will have access to care through the most appropriate place of service or through select medications and services associated with infusions, with the exception of chemo-therapy.

Weight Management Program

The PPO plans provide a weight management program to members who may be candidates for weight-reduction surgery, such as bariatric surgery. The program provides a personal coach to the enrolled member providing knowledge, tools, and motivation to assume control of their health. The program is designed to improve healthy behaviors, quality of life and promote a healthy lifestyle.

For more information on this program and to learn more about the authorization process, please contact Santé at (559) 228-5405 or Delta Health Systems at (800) 422-6099.

Dental Insurance

The District offers a dental insurance plan provided through Ameritas PPO. Dental benefits are available for eligible employees and their eligible dependents.

The Ameritas PPO dental plan has in-network and out-of-network benefits. When you use in-network providers, services are provided at a discounted rate. This means you pay less and your benefit dollars go further when you use in-network providers. If you should use an out-of-network provider, you may pay more for services.

**Benefit Incentive levels**
The Ameritas PPO dental plan is an incentive plan that begins paying member claims at 70% and increases 10% each year until the member reaches 100% for all basic, diagnostic and preventative services. You must use the plan at least once a year for the incentive level to increase; otherwise, the incentive level will remain the same. The incentive level will never decrease and once you reach 100%, it will remain there regardless of usage.

**Dental ID Cards**
All new members to Ameritas PPO dental will receive two dental identification cards at time of enrollment. The cards will be issued in the employee’s name only and can be used by all members enrolled on the plan.

For newly enrolled members, please allow at least fourteen (14) business days (from when your enrollment is approved in BenefitBridge) to receive your medical ID cards.

If a member should lose their dental ID card, the member can log into their Ameritas account at [https://www.ameritas.com/sign-in/](https://www.ameritas.com/sign-in/) to print a copy. Members can also contact the District Human Resources benefits staff via email at benefits@scccd.edu to request a new hard copy card.

**Dentist Provider Search**
For a listing of Ameritas PPO Dental In-Network Providers, please visit the Ameritas Provider Search webpage at [https://dentalnetwork.ameritas.com/](https://dentalnetwork.ameritas.com/).

**Member Portal for Ameritas Dental**
Members can access their account on the Ameritas website at [https://www.ameritas.com/sign-in/](https://www.ameritas.com/sign-in/) and review dental benefits, incentive level, explanation of benefits, and claims.

Section 125 Flexible Spending Accounts (FSA)

Flexible Spending Accounts (FSA) are a great cost savings tool to help with qualified out of pocket health insurance expenses and/or dependent care expenses. The District offers Flexible Spending Accounts to eligible employees.

The plan administrator is American Fidelity.

Plan year runs October 1 through September 30 of the following year.

Summary

Section 125 Flexible Spending Accounts (FSA) are governed by the IRS and allow eligible employees to deduct their employee payroll deduction toward the medical plan pre-taxed, as well as set aside pre-tax funds to use toward approved out-of-pocket medical, dental and vision expenses as well as dependent day care expenses.

Flexible Spending Account funds are a use it or lose it benefits. This means any unused funds left over in your FSA accounts at the end of the Run Off Period (3 months from the end of the plan year), are no longer yours. Therefore, all claims for FSA reimbursements should be submitted prior to the Runoff Period and incurred prior to the end of the Grace Period, which is two and a half months from the end of the plan year. For more information on the “use it or lose it rule”, please contact American Fidelity at (559) 230-2107.

Dependent Day Care FSA

A Dependent Day Care FSA account allows you to contribute pre-tax dollars to qualified dependent care. A Dependent Day Care FSA is used to reimburse yourself for eligible dependent care expenses incurred to allow you (and your spouse if you are married) to work or look for work. For more information about the Dependent Day Care FSA, visit the American Fidelity webpage at https://americanfidelity.com/info/dca or visit the American Fidelity Dependent Care Account Support webpage at https://americanfidelity.com/support/dca/.

The current maximum amount you may contribute to the Dependent Day Care FSA account each year is $5,000 (or $2,500 if married and filing separately). Dependent Day Care FSA account funds are available as contributions are received and payable when services have been provided.

Healthcare FSA

A Healthcare FSA account allows you to set aside pre-taxed dollars to reimburse yourself for qualified health care expenses for you and your qualified dependents. This could include copays, deductibles, prescriptions, glasses, contacts, as well as other expenses allowable under Section 125 guidelines. For more information about a healthcare FSA, visit the American Fidelity webpage at https://americanfidelity.com/info/fsa, or visit American Fidelity’s Healthcare FSA Support webpage at https://americanfidelity.com/support/hcfsa.

The current maximum amount you may contribute to the Health FSA each year is $3,050. Healthcare FSA account funds are available to you on October 1st of the plan year.

An itemized document or Explanation of Benefits must be submitted to prove eligibility for health care expenses. Save your receipts!

To discover eligible expenses, visit https://americanfidelity.com/eligible-expenses.

Runoff Period

Enrolled employees have up to 90-days after the plan year ends to submit claims incurred during the previous plan year that have not already been submitted for reimbursement.
Section 125 Flexible Spending Accounts (FSA)

**Grace Period**

An additional two and a half months following the end of the plan year in which you can incur and submit claims to receive reimbursements.

**Enrollment**

Eligible employees may enroll in a flexible spending account at time of hire, within 30-days from date of hire, or during the annual open enrollment period by contacting American Fidelity at (559) 230-2107.

Employees who choose to elect an FSA account must enroll/re-enroll each year during the annual open enrollment period as these plans and their elections do not renew automatically.

**How to Submit Claims for Reimbursements**

American Fidelity offers different ways to be reimbursed from your FSA accounts.

- Electing to use a debit card for your health care expenses. The money you set aside in your FSA account(s) for medical expenses is available on your card. When you pay for these expenses, you do not need to pay out-of-pocket and wait for reimbursement – expenses are automatically deducted from your account on the card. You must still obtain and keep a receipt for the purchase should you need to validate the claim.
- You can submit claims online through American Fidelity’s member claim portal. You will need to submit a copy of your receipt, explanation of benefits, or provider bill.
- You can use the AF mobile app to access your FSA account and submit reimbursement claims. You will need to submit a copy of your receipt, explanation of benefits, or provider bill.

For detailed information relating to FSA reimbursements, please review the American Fidelity FSA webpage at https://americanfidelity.com/support/hcfsa.

Plan Today for Tomorrow’s Costs

With medical costs continuing to rise, you may be looking for options to help manage out-of-pocket medical expenses.

One option is a Healthcare Flexible Spending Account (HCFSA). HCFSAs allow you to set aside money, tax free, for eligible medical costs like doctor visits, prescription drugs, prescription contact lenses, and dental procedures. Additionally, the entire amount you choose to contribute will be available to you at the beginning of your plan year.

**Savings Example**

In the example to the right, Jane makes $4,000 per month. By participating in an HCFSA, she would save $420.99 a month.

That’s a savings of $5,075.2 a year.

Internal Revenue Code (IRC) Requirements: What You Need to Know

IRC guidelines are strict when tax breaks are provided. As your plan provider, we are required to follow IRC rules.

First, the money you set aside operates under a “use or lose” system.

That means you'll want to use all of your funds prior to the next plan year or you will lose whatever amount is left.

Ask if your employer’s plan includes a Runoff Period and Carryover Provision or Grace Period:

- **Runoff Period**
  A period typically up to 90 days after the plan year ends when you can submit claims incurred during the previous plan year that have not already been submitted for reimbursement.

- **Carryover Provision**
  For 2022, this provision allows you to carry over up to $570 of unused contributions from one plan year to the next.

- **Grace Period**
  An additional two and a half months following the end of the plan year in which you can incur and submit claims to receive reimbursement.

Second, the IRC requires proof for eligible expenses.

An itemized document or EOB must be submitted to prove eligibility for medical expenses when they aren't verified when filing a claim or at the time of debit card swipe. Submitting documentation through AFmobile is the easiest way to validate a claim.

Important Notices

NEWBORNS AND MOTHERS HEALTH PROTECTION ACT
Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean delivery. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information, please call your medical plan carrier directly at the number on the back of your medical ID card.

WOMEN’S HEALTH AND CANCER RIGHTS ACT
Under Federal law, group health plans must include coverage for the following post-mastectomy services and supplies when provided in a manner determined in consultation between the attending physician and the patient: (1) reconstruction of the breast on which a mastectomy has been performed, (2) surgery and reconstruction of the other breast to produce symmetrical appearance, (3) breast prostheses, and (4) physical complications of all stages of mastectomy, including lymphedemas. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage. If you would like more information, please call your medical plan carrier directly at the number on the back of your medical ID card.

COBRA General (Initial)
All newly enrolled members will receive COBRA information from Delta Health Systems upon initial enrollment in the District sponsored health benefits. The Consolidated Omnibus Budget Reconciliation Act (COBRA) requires group health plans to offer continuation coverage to covered employees, former employees, spouses, former spouses, and dependent children when group health coverage would otherwise be lost due to certain specific events. Those events include the death of a covered employee, termination or reduction in the hours of a covered employee’s employment for reasons other than gross misconduct, a covered employee’s becoming entitled to Medicare, divorce or legal separation of a covered employee and spouse, and a child’s loss of dependent status (and therefore coverage) under the plan. COBRA sets rules for how and when continuation coverage must be offered and provided, how employees and their families may elect continuation coverage, and what circumstances justify terminating continuation coverage. Employers may require individuals to pay for COBRA continuation coverage. The premium that is charged cannot exceed the full cost of the coverage, plus a 2 percent administration charge.

Creditable Coverage - Medicare Part D Notice
The Medicare Modernization Act (MMA) requires entities (whose policies include prescription drug coverage) to notify Medicare eligible policyholders whether their prescription drug coverage is creditable coverage, which means that the coverage is expected to pay on average as much as the standard Medicare prescription drug coverage. For more information please contact us via email benefits@scccd.edu or call (559) 243-7100.

New Health Insurance Marketplace Coverage
Options and Your Health Coverage

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.\(^1\)

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact ____________________________

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

\(^1\) An employer-sponsored health plan meets the "minimum value" standard if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.
PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:
  - [ ] All employees. Eligible employees are:

  - [ ] Some employees. Eligible employees are:
    - [ ] All active regular, contract, or temporary full-time faculty members.
    - [ ] All active regular classified employees, confidential employees, classified managers, and academic managers who work thirty (30) hours or more per week during their assignment work year.

  - [ ] We do offer coverage. Eligible dependents are:

  - [ ] We do not offer coverage.

- [ ] If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

  ** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here’s the employer information you’ll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
The information below corresponds to the Marketplace Employer Coverage Tool. Completing this section is optional for employers, but will help ensure employees understand their coverage choices.

Q: My dependent child received health insurance through his/her employer. What do I have to do with the insurance plans?

A: If you want your child to remain on the health plans, there is nothing you need to do for the district insurance plans. However, if your child will have another insurance plan(s), he/she should look into coordination of benefits, eligibility, etc. with that plan. If you wish to remove your child from the health plans, you have 30 days from the qualifying event date to do so.

Q: My enrolled spouse/registered domestic partner (RDP) is turning 65, is there anything I need to do in regards to Medicare?

A: As long as you are actively employed with health benefits, the district does not require you or your spouse/RDP to enroll in Medicare Parts A&B; however, Medicare does have its own guidelines. Please review the Medicare and You handbook or contact Medicare directly. When you retire you and/or your eligible dependent must have Medicare.

Q: My enrolled dependent has passed away. Do I need to notify anyone?

A: Yes, please contact the District Human Resources benefits staff at (559) 243-7100.

Q: Who at the District can assist me with my benefit-related questions or concerns?

A: You can email the District Human Resources benefits staff at benefits@scccd.edu or contact us at (559) 243-7100.

Q: Who at the District can assist me with leaves?

A: For assistance with the Family Medical Leave Act (FMLA), California Family Rights Act (CFRA), Pregnancy Disability Leave (PDL), or other leaves available under the bargaining unit agreement, board policy or administrative regulations, please reach out to the District Human Resources department at (559) 243-7100. You will be routed to the appropriate Human Resources Technician who can assist you.
