

Hip, Knee and Spine Surgeries

Blue Distinction+ Requirement

Learn more about finding a Blue Distinction+ hospital before scheduling a procedure

In order to be covered by the Preferred Provider Organization (PPO) plan, hip and knee replacements and certain inpatient spine surgeries must be performed at an Anthem Blue Cross Blue Distinction+ center. Read more to find out key details before getting surgery.

The highest quality of care

For particular surgeries, some hospitals deliver better outcomes than others. Hospitals meeting the requirements for the Blue Distinction+ (BD+) designation outperform their peers in the areas that impact patient health care the most — quality, safety and efficiency. BD+ Centers meet affordability criteria and deliver better results — including fewer complications and readmissions — than other hospitals.

For a specific list of hip, knee and spine procedures that are part of the program, please call the Customer Service number on the back of your ID card.

Finding a Blue Distinction+ hospital

- Go to anthem.com/ca/sisc/find-care/.
- Scroll down to **Blue Distinction Centers and Centers of Medical Excellence**.

If you need help finding a surgeon who practices at a Blue Distinction+ hospital, you may want to ask your primary care doctor or orthopedic specialist to assist you. There is also often an Orthopedic Program Director at each BD+ hospital that can assist you with finding surgeons that are part of their program, as well as provide you detailed information about what their program offers.

Travel Assistance

If there is no Blue Distinction+ center within 50 miles from where you live, a travel benefit is available to you. It pays for travel for the patient and a companion. It also includes a concierge service called HealthBase that serves as a link between patients and doctors. Anthem Customer Service can connect you with a HealthBase representative who will help with travel arrangements, accommodations and setting up appointments including medical record collection and transfer.

Exceptions

Although rare, there may be times when you may be able to go to a non-Blue Distinction+ center. For example:

- Emergencies.
- Additional complications such as cancer.
- Patient is under the age of 18.
- SISC is secondary to other primary benefits.
- Patient lives outside of California.
