

Step Therapy requirement

A. Angiotensin receptor blocker (ARB) & ARB + hydrochlorothiazide combinations:

Formulary Medications	Targeted ST Medications	Requirement
Candesartan, Irbesartan, Losartan, Telmisartan	Diovan [®] , Benicar [®] , Edarbi [®]	Trial & failure of 2 generic alternatives within past 1 year
Candesartan + Hct, Irbesartan + Hct, Losartan + Hct, Telmisartan + Hct	Benicar-HCT [®] , Teveten-HCT [®]	Trial & failure of 2 generic alternatives within past 1 year.

B. Nasal corticosteroids:

Formulary Medications	Targeted ST Medications	Requirement
Flunisolide, Fluticasone, or triamcinolone nasal sprays	Qnasl [®] , Nasonex [®] , Beconase [®] , Omnaris [®] , Rhinocort [®] , Veramyst [®] , Zetonna [®] , Dymista [®]	Trial & failure of 1 generic nasal corticosteroid within past 180 days.

C. Ophthalmic antihistamine solutions:

Formulary Medications	Targeted ST Medications	Requirement
Azastine drops 0.05%, Olopatadine 0.1%	Pataday [®] , Optivar [®] , Bepreve [®] , Emadine [®] , Pazeo [®] , Lastacaft [®]	Trial & failure of 2 generics alternatives within past 1 year.

D. Anti-migraine (triptan) medications:

Formulary Medications	Targeted ST Medications	Requirement
Naratriptan, Rizatriptan, Sumatriptan, Zolmitriptan (oral & ODT)	Relpax [®] , Axert [®] , Frova [®]	Trial & failure of 2 generic triptans within past 1 year.

E. Overactive bladder medications:

Formulary Medications	Targeted ST Medications	Requirement
Tolterodine, Trospium, Oxybutynin	Enablex [®] , Vesicare [®] , Toviaz [®] , Myrbetriq [®] , Gelnique [®] , Oxytrol [®]	Trial & failure of 2 generic therapeutics alternative within the past 1 year.

F. Bisphosphonates for the treatment or prevention of osteoporosis:

Formulary Medications	Targeted ST Medications	Requirement
Alendronate, Ibandronate	Actonel [®] , Boniva [®]	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

G. Proton pump inhibitors for gastro-esophageal reflux disease:

Formulary Medications	Targeted ST Medications	Requirement
Omeprazole, Lansoprazole, Pantoprazole, Esomeprazole, Rabeprazole	Dexilant [®] , Aciphex [®] (brand), Zegerid [®] (brand & generic)	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

H. Acne vulgaris treatment:

Formulary Medications	Targeted ST Medications	Requirement
Sulfacetamide, Sulfacetamide w/ Sulfur, Adapalene, Tretinoin	Azelex [®] , Epiduo [®] , Fabior [®] , Tazorac [®] , Aczone [®]	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

I. Acne rosacea treatment:

Formulary Medications	Targeted ST Medications	Requirement
Metronidazole gel, Sulfacetamide w/ Sulfur	Mirvaso [®] , Soolantra [®] , Finacea [®] , Azelex [®]	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

J. Benign prostatic hyperplasia treatment:

Formulary Medications	Targeted ST Medications	Requirement
Alfuzosin, Doxazosin, Finasteride, Tamsulosin, Terazosin	Rapaflo [®] , Avodart [®] , Cialis [®] , Jalyn [®]	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

K. Ophthalmic non-steroidal anti-inflammatory solutions:

Formulary Medications	Targeted ST Medications	Requirement
Bromfenac 0.09%, Diclofenac 0.1%, Ketorolac 0.4%,	Ilevro [®] 0.3%, Nevanac [®] 0.1%	Trial & failure of 2 generics therapeutic alternatives within the past 1 year.

L. Pregnancy-induced nausea and vomiting:

Formulary Medications	Targeted ST Medications	Requirement
Metoclopramide, Promethazine, Ondansetron	Diclegis [®] (doxylamine-pyridoxine)	Trial & failure of 2 generics therapeutic alternatives within the past 6 months.
