Annual Security Report Legislative Requirements

The preparation and publication of an Annual Security Report (ASR) is required under a combination of federal and state laws that collectively aim to ensure campus safety, transparency, and the protection of student and employee rights:

- The Clery Act (20 U.S.C. § 1092(f)) mandates that institutions of higher education publish an ASR by October 1 each year. The report must include crime statistics for the past three calendar years, descriptions of campus safety policies, emergency response procedures, and information on institutional disciplinary processes.
- Title IX of the Education Amendments of 1972 requires institutions to implement and disclose policies addressing sex-based discrimination, including sexual harassment, sexual assault, dating violence, domestic violence, and stalking. The ASR must detail reporting procedures, available support services, and grievance processes aligned with Title IX regulations.
- The Campus Sexual Violence Elimination Act (SaVE Act), enacted as part of the Violence Against Women Reauthorization Act (VAWA) of 2013, amends the Clery Act to strengthen institutional obligations related to dating violence, domestic violence, sexual assault, and stalking. It requires the ASR to include written victim rights, institutional procedures, and descriptions of prevention and awareness programs for students and employees.
- Federal Hate Crime Reporting Requirements require the ASR to include statistics on bias-motivated crimes related to race, religion, sexual orientation, gender, gender identity, national origin, ethnicity, and disability.
- California Education Code §§ 67380–67385 imposes state-level requirements for community colleges, including the reporting of specific crimes, disclosure of campus law enforcement authority, agreements with local agencies, and detailed policies for the prevention and response to sexual violence.
- California Labor Code § 6401.9, effective July 1, 2024, requires public education employers, including community college districts, to implement a comprehensive Workplace Violence Prevention Plan (WVPP). While not part of the ASR itself, the WVPP aligns with ASR content by requiring systems to report, investigate, and prevent workplace violence, reinforcing the District's safety commitments to students and employees.

Summary

The State Center Community College District is firmly committed to fostering an educational and working environment that is free from sex discrimination, sexual harassment, sexual violence, domestic violence, dating violence, and stalking. Ensuring the safety and well-being of students, employees, and visitors remains a top priority.

The Annual Security Report serves as the District's central tool for ensuring transparency, accountability, and compliance with legal obligations—while reinforcing its commitment to a safe and inclusive campus environment.

Jeanne Clery

On April 5, 1986, Jeanne Clery, a 19-year-old freshman at Lehigh University, was tragically raped and murdered in her dorm room by a fellow student. In the aftermath of this horrific crime, Jeanne's parents, Howard and Connie Clery, were devastated not only by the loss of their daughter but by what they discovered during their search for answers: Lehigh University had experienced at least 38 violent crimes in the three years prior to Jeanne's death, none of which had been meaningfully disclosed to students or families.

Outraged by the lack of transparency and determined to prevent similar tragedies, the Clerys became national advocates for campus safety reform. Joined by other families affected by campus violence, they led a tireless campaign for change — a movement that culminated in the passage of the Crime Awareness and Campus Security Act of 1990.

This landmark legislation, renamed in 1998 as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (commonly known as the Clery Act), requires all colleges and universities that participate in federal financial aid programs to disclose campus crime statistics, issue timely warnings, and publish annual security reports.

Through their advocacy, the Clerys turned unimaginable grief into meaningful action. Their work laid the foundation for a nationwide commitment to campus safety, transparency, and accountability, and Jeanne's legacy continues to shape how institutions protect and inform their campus communities today.

The Clery Act

The Clery Act, originally enacted in 1990 as the Crime Awareness and Campus Security Act, amended the Higher Education Act of 1965 to require colleges and universities receiving federal financial aid to disclose campus crime statistics and security policies. In 1998, it was renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, honoring Jeanne Clery.

Under the Clery Act, institutions must:

1. Collect and publish crime statistics annually for the past three years.
2. Issue timely warnings and emergency notifications for ongoing threats.
3. Submit data to the U.S. Department of Education for public access.
4. Maintain a daily crime log.
5. Disclose policies on missing students and fire safety (if applicable).
6. Provide an Annual Security Report (ASR) each year by October 1.

The State Center Community College District Police Department (SCCCD PD) complies with the Clery Act as required by 20 U.S.C. § 1092(f), 34 C.F.R. § 668.46, and California Education Code §§ 67380–67385. Each year, the District publishes an Annual Security and Fire Safety Report containing crime statistics and detailed safety policies for all SCCCDCD campuses and centers.

The ASR is available at www.scccd.edu or by request from the SCCCDCD Police Department at 1940 N. Calaveras Avenue, Fresno, CA 93704.

The Campus SaVE Act

The Campus Sexual Violence Elimination Act (SaVE Act), signed into law on March 7, 2013, is a critical amendment to the Clery Act under the Violence Against Women Reauthorization Act of 2013 (VAWA). It enhances transparency and accountability in how colleges and universities address sexual and interpersonal violence and establishes clear standards for prevention, response, and victim support.

The SaVE Act requires institutions of higher education to:

1. **Identify Campus Security Authorities (CSAs):** Institutions must designate specific personnel responsible for reporting and documenting incidents of sexual violence. These CSAs are trained to handle disclosures and ensure accurate reporting under the Clery Act.
2. **Provide a Campus Sexual Assault Victim Bill of Rights:** Institutions must inform victims of their rights, including access to support services, the option to report to law enforcement, and the right to a fair and impartial disciplinary process.
3. **Expand Reporting Requirements:** Colleges must include incidents of domestic violence, dating violence, sexual assault, and stalking in their Annual Security Report (ASR), along with clear policies, procedures, and available resources.
4. **Implement Standardized Procedures:** Institutions are required to establish and publish consistent protocols for preventing and responding to sexual violence, including victim support, disciplinary proceedings, and protective measures.

SCCCD's Commitment to Compliance and Prevention

The State Center Community College District (SCCCD) is committed to maintaining a safe, respectful, and inclusive learning and working environment for all members of its community. In full compliance with federal law—including the Clery Act and the Campus SaVE Act—SCCCD has implemented comprehensive policies and procedures to prevent and respond to sexual assault, domestic violence, dating violence, and stalking.

These protections apply to students, faculty, staff, contractors, and visitors across all SCCCDC campuses and centers. The District maintains a zero-tolerance policy for sexual misconduct and related offenses.

In accordance with Board Policy and Administrative Regulation 3540, SCCCDC prohibits sexual assault and other forms of interpersonal violence. Individuals found in violation of these policies are subject to disciplinary sanctions, including suspension, expulsion, or termination, regardless of whether separate criminal or civil proceedings are pursued.

Definitions (As Required by Clery/VAWA Compliance):

- **Sexual Assault**
Any non-consensual sexual act, including acts committed by force, threat, coercion, or when the individual is incapable of giving consent. This includes rape, fondling, incest, and statutory rape.
- **Domestic Violence**
A felony or misdemeanor crime of violence committed by a current or former intimate partner, someone with whom the victim shares a child, a cohabitant, or anyone protected under applicable domestic violence laws.
- **Dating Violence**

SCCCD's policies, prevention programs, and victim support services reflect the District's ongoing dedication to fostering a campus environment free from violence, discrimination, and harassment.

Written Notification of Survivor's Rights and Options:

Any student or employee who reports an incident of sexual assault, domestic violence, dating violence, or stalking, whether the incident occurred on or off-campus, shall receive a written explanation of their rights and options as provided for under this policy. Which are:

- Go to court and file a domestic abuse complaint requesting an order restraining your attacker from abusing you and an order directing your attacker to leave your household, building, school, college, or workplace;
- Seek a criminal complaint about threats, assault and battery, or other related offenses;
- Seek medical treatment (the police will arrange transportation for you to the nearest hospital or otherwise assist you in obtaining medical treatment if you wish);
- Request the police remain at the scene until your safety is otherwise ensured;
- Request that a police officer assist you by arranging transportation or by taking you to a safe place, such as a shelter or a family or friend's residence, and
- Obtain a copy of the police incident report at no cost from the police department.
- Student victims have the option to change their academic or on-campus living situations after an alleged sexual assault if such changes are reasonably available.

Procedures for Victims:

If an incident of sexual assault, domestic assault, dating violence, or stalking occurs, it is important to preserve evidence so that successful criminal prosecution remains an option.

The victim of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes before a medical exam or treatment. If a survivor has removed the clothing he or she was wearing during the assault before seeking medical treatment, that clothing should be placed in a brown paper, not plastic, and brought to the hospital when treatment is sought. If the victim is still wearing the clothes that he or she was wearing during an assault, he or she should bring a change of clothes with him or her to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime.

Evidence of violence, such as bruising or other visible injuries, following an incident of sexual assault or domestic or dating violence should be documented by taking a photograph. Evidence of stalking, including any communications such as written notes, email, voice mail, or other electronic communications sent by the stalker, should be saved and not altered in any way.

Victim Confidentiality:

State Center Community College District recognizes the sensitive nature of sexual assault, domestic violence, dating violence, and stalking incidents. We are committed to protecting the privacy of individuals who report incidents of abuse to the extent that doing so is permitted by law and consistent with the District's need to protect the community's safety. Different District officials and personnel can offer victims varying levels of privacy protection.

Reports made to the SCCCD Police Department will be shared with the Title IX Coordinator and the accused at the time of trial in cases where criminal prosecution is pursued. Reports received by Campus Security Authorities or any other member of the District concerning the abuse of a minor or juvenile must be reported to state officials in compliance with state law requiring mandatory reporting of child abuse. All State Center Community College District members are required by Admin Regulation 3518 Child Abuse Reporting to report any instances of known child abuse or neglect to the SCCCD Police Department. The SCCCD Police Department will report such information to the appropriate state authorities.

Reports and information received by medical professionals and licensed mental health counselors are considered legally protected or 'privileged' under California law. This information will not be shared with others within the institution (including any of the District's Title IX Coordinators) or with any third party except in cases of imminent danger to the victim or third party. Absent such circumstances of imminent danger, the only information that these employees will report to the District concerning these incidents is statistical information, which does not identify the victim so that the incident can be included in the annual Clery Report. Such crime reporting statistics are also included in the District's Title IX trend report.

Reports of sexual assault, domestic or dating violence, or stalking, which are shared with the District's Title IX Coordinator or other College officials, will be treated with the most significant degree of respect and privacy possible while still fulfilling the District's obligation to investigate and effectively respond to the report. Every effort will be made to limit the scope of information shared to keep details to a minimum and only when necessary. It is the victim's choice whether to participate in the investigation; however, the College may proceed with the investigation without the victim's participation if there is a potential threat to other community members.

A victim's ability to speak confidently and with confidentiality may be essential to recovery. The District thus expects employees to treat information they learn concerning incidents of reported sexual assault, domestic violence, dating violence and stalking with as much respect and as much privacy as possible. College employees must share such information only with those College officials (Title IX Coordinators) who must be informed of the information under College policy. Failure by any District employee to maintain privacy per the State Center Community College policy will be grounds for discipline.

While federal law requires the State Center Community College District to include certain reported incidents of sexual assault, domestic violence, dating violence, and stalking among its annual campus crime statistics, such information will be reported in a manner that does not permit the identification of victims.

Policies Regarding Campus Sex Offense Programs and Procedures Missing Policy

The District's Board of Trustees Policy (BP) 3540 states that members of the College/District community, guests, and visitors have the right to be free from all forms of sex/gender harassment, discrimination, and misconduct. All members of the College/District community are expected to conduct themselves in a manner that does not infringe upon the rights of others.

BP 3540 states, "Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public that occurs on District property or on an off-campus site or facility maintained by the District, at a District-sponsored activity on

non-District property or on grounds or facilities maintained by a student organization is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal regulations and employee or student discipline regulations. Students, faculty, staff, guests, and visitors who may be victims of sexual and other assaults shall be treated with dignity and provided comprehensive assistance.”

SCCCD Violence and Crime Prevention Programs and Training:

The District is committed to increasing the awareness of and prevention of violence. The District continues to provide students and employees with education programming and strategies to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before they occur.

To address the issue of sexual assaults, domestic violence, dating violence, and stalking in a college environment, the District offers practical guidance for risk reduction, violence prevention, and bystander intervention.

Personal Safety Workshops—The SCCC Police Department provides the District community with training about safety, situational awareness, safety precautions, alcohol awareness, the definition of consent and sexual assault, and wellness.

Rape Aggression Defense (RAD) Course. The SCCC Police Department provides courses of realistic self-defense tactics and techniques. It is a comprehensive self-defense course for women that begins with awareness, prevention, risk reduction, and avoidance while progressing to the basics of hands-on defensive training.

Safety Escorts – The SCCC Police Department provides safety escorts twenty-four hours a day, seven days a week. This service provides students, faculty, and staff with a uniformed member of our department to walk or transport individuals to locations on campus or a car in the parking lot. Call the non-emergency phone number 559-244-5911 or ext. 5911 if you require this service.

Social Media Bulletins and Alerts – The SCCC Police Department periodically distributes Social Media bulletins or alerts to inform members of the District community about incidents of crime or public interest in the surrounding areas of the District that may pose an imminent threat of harm to members of the campus community. The posting of social media bulletins and alerts is not in response to any specific incidents but as a general reminder to campus community members about preventative measures they can take to enhance personal and property security. SCCC Police Department posts on the following social media platforms: Facebook, X (formerly Twitter), and Instagram.

New Employee Orientation—The Police Department, in partnership with SCCC Human Resources, provides new employees with information concerning Workplace Violence, Prevention Safety, Situational Awareness, Emergency Preparedness, Campus Security Authorities, and Personal Safety. At New Employee Orientation Seminars, new employees also receive training on workplace violence, sexual harassment, Title IX, and the Clery Act.

Residence Hall Programs – The Resident Hall Supervisor runs through these programs and inform students on various topics, such as alcohol awareness, sexual assault, consent, bystander awareness, personal safety, and fire safety.

Situational Awareness Presentations – Four years ago, the SCCC Police Department developed a course on Situational Awareness and has offered this training to the campus community ever since. Situational awareness is being aware of what is happening around you regarding where you are, where you are supposed to be, and whether anyone or anything around you threatens your health and safety. Students, Faculty, and Staff learn the life skills to develop a frame of mind of knowledge, awareness, confidence, and calmness during the course. Attendees learn that there are many strategies for preventing or mitigating major threats. All that is required is dedicating time and some soft skills such as creativity, teamwork, adaptability, communication, and leadership. The attendees learn to envision possible life risks and develop

multiple plans for each threat. The military developed the strategies taught in the course and have been field-tested. The course also exposes the attendees to the mental and hard skills needed for an emergency evacuation, emergency concealment, and personal defense.

SCCCD Conduct Proceedings

State Center Community College District strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal investigation and prosecution, students, employees, and other affiliates may also face disciplinary action by the District. When students or staff are accused of the above offenses, the College may issue interim safety measures before resolving the charges. Such interim safety measures might include giving No Contact orders between the parties, altering an individual's work or class schedule or a student's on-campus housing assignment, placing an employee accused of misconduct on administrative leave, or placing a student accused of misconduct on an interim suspension.

The District's Title IX Coordinators will oversee all investigations of allegations of gender-based violence. Employees who are found responsible for having committed such a violation could face termination of employment, and students who are found responsible for having committed such a violation may face disciplinary probation, deferred suspension, suspension from college housing, dismissal from college housing, suspension from the college, or dismissal from the college. In addition, the SCCC Police Department may issue No Contact Orders and No Trespass Orders to those found responsible.

Suppose a Title IX investigation concludes that evidence exists that suggests a student is more likely than not engaged in sexual assault, domestic violence, dating violence, or stalking. In that case, the matter will be referred to the Dean of Students' office for adjudication under the Student Code of Conduct. The Office of Human Resources will handle any incidents involving employees and College affiliates found by the College to have engaged in behavior that violates College policy, including but not limited to sexual assault, domestic violence, dating violence, or stalking.

All conduct proceedings, whether the conduct is reported to have occurred on or off campus, shall provide a prompt, fair, and impartial investigation and resolution. All investigations and proceedings shall be conducted by officials who receive annual training on the nature of the types of cases they are handling, how to investigate, and how to conduct a proceeding that protects the safety of survivors and promotes accountability.

The District seeks to investigate and adjudicate any official complaints of sexual abuse, domestic violence, dating violence, or stalking that are filed with the College within sixty (60) days of receipt of that complaint unless mitigating circumstances require the extension of time frames beyond sixty (60) days. Such circumstances may include the complexity of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, College breaks or vacations that occur during the pendency of an investigation, or other unforeseen circumstances. In these matters, the complainant and the respondent shall be notified, provided an explanation, and given information about the additional time required.

In all investigatory and adjudication proceedings conducted by the College concerning charges of sexual misconduct, domestic violence, dating violence, or stalking, including any related meetings or hearings, both the complainant and the respondent will be afforded the same process rights, including equal opportunities to have others present. This includes the right to be accompanied by an advisor of their choice. Both the complainant and respondent will also be afforded an equal opportunity to introduce evidence and identify witnesses.

When a student is accused of any violation of the student conduct code, including but not limited to charges that he or she engaged in sexual assault, domestic or dating violence, or stalking, the charges will be decided using the preponderance of evidence standard, which means that it is more likely than not that the reported misconduct occurred. The Title IX Coordinators and the Dean of Students can decide whether sufficient evidence warrants referring charges of misconduct against a student to an Administrative/Faculty Hearing

Board (“Board”). If a Board hears such charges and issues a finding of responsibility against a student respondent, the Board may also recommend sanctions to the Dean of Students. However, the Dean of Students retains the authority to determine the penalties that will be issued to any student who has been found responsible for violating the Code of Conduct.

When the Title IX Coordinators complete an investigation and/or when a Board issues a decision, both the complainant and the respondent shall simultaneously be informed in writing within seven business days of the outcome of the investigative or adjudicative proceeding. Both the complainant and respondent will be given the same procedures and timeframe to appeal the result of the proceeding; both parties will receive the same process rights if an appeal is granted, and the parties will both receive timely notice when the outcome becomes final. Disclosure of the outcome shall be made to both parties unconditionally, and each shall be free to share or not share the details with any third parties.

Nestled on a sprawling 420-acre campus, the college features a 300-acre working farm, uniquely integrating hands-on agricultural education with traditional academics. RC offers a breadth of career technical and transfer programs — from agriculture, aviation maintenance, and forestry to health sciences, business, and the arts and sciences.

Reedley College – Student Housing

Reedley College proudly stands as the only campus within the State Center Community College District (SCCCD) to offer on-campus student housing. The college provides two distinct residential options designed to support student life and academic success:

- Residence Hall – A traditional dormitory-style facility located on campus that offers students a structured, supportive living-learning environment. It provides convenient access to academic buildings, campus dining, recreational spaces, and student support services.
- Herdsman Housing – A specialized living area tailored for students participating in agriculture and animal science programs. This housing option provides proximity to the college's expansive agricultural facilities, enabling students to engage in hands-on learning and livestock care.

Both housing options are designed to foster community, encourage academic achievement, and support personal development in a safe and inclusive environment.

Clovis Community College (CCC)

Clovis Community College is a vibrant, modern institution located in northeastern Fresno, California, and officially became the 113th accredited community college in the state in 2015. Situated on a spacious 110-acre campus, Clovis offers contemporary academic facilities—including instructional complexes, a bookstore, library, and internet café—to support diverse learning needs. Clovis is known for its inclusive campus culture and strong emphasis on student success through resources like its Associate Degree for Transfer (ADT) programs, which have earned it repeated recognition as a "Champion of Higher Education."

Clovis Herndon Campus (CHC)

Located at 390 W. Fir Avenue in Clovis, near the intersection of Herndon and Peach avenues, the Herndon Campus serves as a key satellite center for Clovis Community College. It offers convenient, accessible services including academic counseling, career resources, tutoring, bookstore access, testing, and veterans support, making it a versatile hub for diverse student needs.

Madera Community College (MCC)

Established in 1996 as the Madera Community College Center and gaining full accreditation in July 2020, Madera Community College is the newest and only public community college serving Madera County. The campus, situated on a 114-acre site, features a modern academic village with science, computer, and art labs, a 150-seat lecture hall, student services, and administrative offices; in addition, the Center for Agriculture & Technology supports programs in plant science, welding, and industrial maintenance

Madera Community College at Oakhurst (MCO)

Located in the foothills near Yosemite, Madera Community College's Oakhurst campus serves as a crucial access point to higher education for residents of Oakhurst, Mariposa County, and neighboring mountain communities including Bass Lake, North Fork, and Coarsegold. Operating on a modest 2.5-acre site, the center features multiple portable classrooms conducting over 100 in-person and online courses each academic year. It offers a range of programs—from general education transfer courses to career and occupational training—alongside essential student services such as counseling, a science lab, computer facilities, and a student success center

SCCCD PD's Law Enforcement Authority

As Guardians of Education, the mission of the SCCC Police Department is to create a safe, orderly environment that prioritizes student academic achievement. The Department is committed to fostering professional and positive relationships within the campus community. Guided by the principles of Community Oriented Policing and Problem Solving, the PD actively engages in collaborative partnerships with diverse stakeholders. The Department's goal is to develop proactive solutions to challenges, thereby enhancing trust and security. Our members believe in the power of education and are dedicated to ensuring its protection and advancement.

The SCCC Police Department is a POST-certified full-service agency operating in compliance with all state standards for recruiting and training under California Penal Code 13522. The Department's law enforcement authority extends to any place in the state to perform the primary duty and is identical to that of municipal and county law enforcement officers. Campus Police Officers are authorized by Penal Code Section 830.32 (a) and Education Code Section 72330. Campus Officers receive the same basic and ongoing training as municipal and county peace officers throughout the state, plus additional training to meet the unique needs of campus policing.

The SCCC Police Department's authorized staffing consists of a Chief of Police, one Police Lieutenant, four Police Sergeants, seventeen Police Officers, one Police Communications and Records Coordinator, and 5.5 Communication Dispatchers. SCCC PD patrols all District sites ten days a week, 24 hours daily. A cadre of Student Workers assists the Department by performing the duties of Clerks, Parking Enforcement Officers, and District Service Officers. The State Center Community College Police Officers provide the primary law enforcement response on and around eleven District properties: Clovis Community College, Herndon Campus, Fresno City College, Fresno City College's West Fresno Center, Career Technology Center, Fresno City College's First Responders Campus, Madera Community College, Madera Community College at Oakhurst, Reedley College, and the District's Administration Building.

Law Enforcement Partnerships

Under California Education Code Section 67381, the SCCC Police Department, Fresno P.D., Clovis P.D., Madera County Sheriff's Office, and Fresno County Sheriff's Office, have adopted and signed written MOUs that clarify and affixes operational responsibilities for the investigation of extremely violent crimes occurring on District property. Due to the sophisticated investigative resources required to investigate these major crimes, the Department has arranged in certain circumstances for assistance from the above agencies. The

agreement states that the State Center Community College Police Department will be the primary reporting and investigating law enforcement agency for all crimes, including most FBI Part One Crimes, occurring on property owned and operated by State Center Community College District. Homicides Investigations are handed over to allied agencies with larger investigative capabilities, such as the Fresno and Madera Sheriff's Offices and Fresno and Clovis Police Departments.

Preparing the Annual Security Report

The SCCC Police Department compiles the information and prepares the District's Annual Security and Fire Report. The Department retrieves Statistical data for the activity that occurs off-campus from the Fresno Police Department, Clovis Police Department, Reedley Police Department, Madera County Sheriff's Office, and Fresno County Sheriff's Office. For purposes of issuing timely warnings and the annual statistical disclosure required under Clery, the campus community should report all crimes to the SCCC Police Department.

The SCCC Police Department does not provide law enforcement services to off-campus residences or organizations. There are currently no fraternities or sororities located off-campus that the State Center Community College District recognizes. Criminal activity occurring off-campus is monitored and recorded by the following agencies: Fresno Police Department, Clovis Police Department, Reedley Police Department, Madera County Sheriff's Office, and Fresno County Sheriff's Office. Students involved in criminal activity off-campus may be contacted, cited, or arrested by one of these agencies. While preparing the Annual Security Report, the SCCC Police Department communicates with each of the above agencies. A good-faith effort is made to obtain information as to crimes that are reportable under the Clery Act.

Campus Security Authorities

Clery 2016 Handbook: "Even at institutions with a police department on campus, a student who is the victim of a crime may report it to someone other than the campus police." The handbook also says, "For this reason, the Clery Act requires all institutions to collect crime reports from a variety of individuals and organizations that Clery considers to be "campus security authorities" under the law."

Who is a Campus Security Authority?

- A campus police department or a campus security department of an institution
- Local Police/Sheriff (Good Faith Request)
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).

Although the reporting of criminal activity directly to the SCCC Police Department is encouraged, crimes may also be reported to college officials who have significant responsibility for student and campus activities. The faculty and staff of State Center Community College District Police are trained to assist students in contacting Campus Security Authorities (CSAs) in the event the student needs to report a crime. CSAs are responsible for forwarding non-identifying information to the SCCC PD for inclusion in the annual security report, regardless of whether or not the victim chooses to file a report with law enforcement or press charges. As defined under the Clery Act, CSAs include college deans and assistant deans, college directors, assistant directors, athletic team coaches, athletic assistant coaches, faculty advisors to student groups, and campus staff involved in disciplinary and judicial proceedings. Please be aware that information forwarded by CSAs is for statistical purposes only.

Professional and Pastoral Counselors

When acting in their official capacity, professional and pastoral counselors are not required to report crimes for inclusion in the annual disclosure of crime statistics under 20 U.S.C. Section 1092(f). Professional and pastoral counselors are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures available for reporting crimes on a voluntary, confidential basis for inclusion in the annual crime statistics. A “pastoral counselor” is a person associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and functions within the scope of that recognition as a pastoral counselor. A “professional counselor” is a person whose official responsibilities include providing mental health counseling to State Center Community College District members and functioning within the scope of his or her license or certification.

Counseling Services Division

Although counselors are typically responsible and involved in student and campus activities, they are exempt from Clery reporting requirements. However, they are contacted and encouraged to forward non-identifying information to the SCCC District Police Department on crimes that may be reported through their offices for inclusion in the annual security report.

Psychological/Mental Health Services

Each District Campus provides psychological services for its students. Students may seek Psychological/Mental Health Services for various reasons. The following are some common student concerns: adjustment to college, anxiety, depression, relationship and family issues, personal growth and exploration, grief and loss, stress and anger management, and LGBTQ students who are struggling due to harassment or exclusion, or questions regarding sexual orientation or gender identity.

What is a crisis?

A crisis is a life event that an individual perceives as stressful to the extent that normal coping mechanisms are insufficient. A student experiencing significant distress (e.g., suicidal/homicidal thoughts) or severe emotional turmoil need immediate access to a clinician. Call for help!

What to do?

Follow these guidelines for handling difficult situations:

- Trust your instincts

- Call your College's Psychological Services at the phone number listed above.
- Do not hesitate to call SCCCD PD at (559) 244-5911 or 9-1-1.
- If you think a student may be suicidal, **DO NOT LEAVE THE STUDENT ALONE!** You may be the critical link in assisting the student. Know that whatever the situation is, campus resources are available.
- Listen to what the student is saying.
- Assess the situation for unusual emotions, behavior, and thoughts.

Voluntary/Confidential Reporting

If you are the victim of a crime, we encourage you to file a crime report with the SCCCD Police Department. If you would like to maintain confidentiality and do not wish to pursue action within the college or criminal justice system, you are encouraged to consider filing a confidential report for purposes of inclusion in the annual disclosure of crime statistics. By filing a confidential report, the victim's contact information will be registered confidentially and only accessible to authorized campus officials. This information can only be disclosed to law enforcement personnel in furtherance of a missing person investigation. These types of reports can be made to the SCCCD Police Department. Individuals can do this by mail or by going to the SCCCD Police Department website at <https://www.sccd.edu/departments/police/services/report-a-crime.html> and completing the report template. The information can enhance community safety by allowing the District to keep a more accurate record of crimes, helping to determine whether a pattern of offenses exists, and alerting the campus community to potential danger.

Security and Access to District Facilities

During business hours, District facilities are open to the community. During non-business hours, the District restricts access to facilities to only those with issued keys or those admitted for scheduled or unscheduled access by the SCCCD Police Department. Many buildings within the District utilize intrusion alarms, panic buttons, and surveillance video cameras to enhance security in these areas.

Clery Act's Timely Warning and Emergency Notification

The Clery Act requires institutions of higher education to maintain two types of alerting systems for separate and distinct purposes. Below is a table breaking down the distinctions between these two types of alerts. Use this resource to understand which alert should be sent depending on the circumstances of the incident in question.

	Timely Warnings	Emergency Notifications
When should this alert be sent?	When Clery crimes are reported to a campus security authority or local law enforcement, they pose a serious or ongoing threat to the campus community.	When there is confirmation of an immediate threat to the health and safety of the campus community.
Does the location of the incident matter?	Only required for Clery crimes occurring within Clery geography that pose a serious or ongoing threat*	On-campus emergencies only
What should this alert contain?	Date, nature, location of incident; prevention tips; how to report a similar occurrence	Information about the nature of the emergency and what changes one needs to make immediately as a result; evacuation procedures if necessary; assurance that an all-clear will be sent when the emergency is over
Who should receive this alert?	It must reach the entire campus community.	Can be segmented, if appropriate
How is the determination made to send the alert made?	Case-by-case analysis if the factors above are present*	A procedure in place to confirm whether a significant emergency exists
Who issues the alert?	Not prescribed by the Clery Act—should be an individual or office with authority and capability to issue campus-wide communication.	Not prescribed by the Clery Act—should be an individual or office with authority and capability to issue campus-wide communication.

How should it be disseminated?	A multi-modal system intended to reach the entire campus community, most commonly through emails, website updates, and social media posts	A multi-modal system is best to ensure delivery; segmentation of messaging is permitted if appropriate

Timely Warning

- Scope: Narrow focus on Clery crimes.
- Why: Timely warnings are triggered when the Chief of Police of the SCCC District Police Department determines that a crime for which the Department must report statistics under the Clery Act and it presents a serious or continuing threat to students and employees of a college.
- Where: Applies to Clery Reportable Crimes that occur anywhere in the jurisdiction of the SCCC District Police Department.
- When: The Chief of Police will issue a Timely Warning as soon as the pertinent information is available and constitutes an ongoing or continuing threat of a criminal nature to the campus community. Examples of Clery Reportable Crimes that qualify for Timely Warnings include, but are not limited to, the following:
 - Homicide
 - Manslaughter
 - Rape
 - Sex Offenses
 - Robbery
 - Aggravated Assault
 - Arson
 - Burglary
 - Hate Crimes
 - Motor Vehicle Theft
 - Any crime considered to represent a threat to the public

Clery Act's Emergency Notifications

- Scope: Wide focus on any significant emergency or dangerous situation (may include Clery crimes).
- Why: An emergency notification is triggered by an event that is currently occurring on or imminently threatening the District. Initiate emergency notification procedures for any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees.
- Where: Applies to situations that occur on District property.
- When: Upon confirmation of an emergency that poses an immediate threat to the health or safety of the campus community, The Chief of Police will disseminate a campus-wide notice unless issuing such notification will, in the judgment of the responding authorities, compromise the efforts to assist victims or hinder the response to contain the threat. As the Clery Act specifies, an Emergency Notification can be broad or limited compared to a Timely Warning. The Emergency causing the notification does not have to be a Clery Reportable Crime. Reasons for issuing an emergency notification include, but are not limited to:
 - An outbreak of infectious diseases, e.g., meningitis, norovirus, etc.
 - During extreme weather conditions, e.g., tornado, hurricane, etc.
 - Earthquake
 - Gas leak

- Terrorist incident
- Active Shooter/Armed Intruder
- Bomb Threat
- Civil Unrest
- Explosion
- Nearby chemical or hazardous waste spill
- Aircraft crash
- Fire

Protocols for Publishing Timely Warning and Emergency Notification

The notification will be distributed as soon as possible under the following guidelines: The authority to initiate and create the Timely Warning or Emergency Notification will rest with the Chief of Police or his designee. SCCC Police Department Administrators will forward the completed notification to the District's Executive Director of Public and Legislative Relations and the District's General Counsel for their review and input. SCCC Police Department Staff will seek final authorization from the Vice Chancellor of Operations to publish and distribute the Timely Warning or Emergency Notification. The Vice Chancellor of Operations will authorize the District Chief Technology Officer or his designee to email the notification. The SCCC Police Department Communication Center will broadcast utilizing emergency notification platforms available at the Communication Center.

In Emergencies, when there is no time for consultation with administrators, a Police Officer or Dispatcher from the SCCC Police Department may initiate an emergency notification.

In matters of a criminal nature, the SCCC Police Department will determine whether notifications are appropriate and necessary. The Chief of Police or designee will determine an incident's extent and scope and whether it meets the criteria for an emergency notification.

In matters not of a criminal nature, the College or District function that has jurisdiction will determine whether notifications are appropriate and necessary. When a campus department with jurisdiction over an incident is not available to decide about notifications, the Chief of Police or designee may determine an incident's extent and scope and whether it meets the criteria for emergency notification.

Notifications will be made as soon as practicable once requested by a designated authority. They will generally be made by a police dispatcher or an officer who has been trained and authorized to send notifications.

All messages should include the type of situation, the location of the situation, the time and date, instructions for the recipient, and an additional method for the public to obtain information. One or more of the following systems:

- District or Campus e-mail
- Text message (First2Know)
- InformaCast Alert Broadcasts (VoIP Telephones)
- Public address system
- Police Department website
- Posted flyer
- Social Media Postings

Emergency Response and Evacuation Procedures

The campus Emergency Operations Plan provides the framework for an organized response to various human-caused and natural emergency situations, including fires, hazardous spills, earthquakes, flooding, explosions, and civil disorders.

The Emergency Operations Plan includes information about Incident teams, parameters, incident priorities and performance expectations, shelter-in-place and evacuation guidelines, and local contingency and continuity planning requirements. The police and Environmental Health and Safety Departments and numerous District Administrators are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The District conducts numerous emergency response exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. District Police Officers and supervisors have received training in Incident Command and Responding to Critical Incidents on campuses. When a serious incident causes an immediate threat to the campus, the first responders are usually from the SCCCD Police Department, Fire, and Emergency Medical Services, and allied law enforcement agencies. These departments typically respond and work together to manage the incident. Depending on the nature of the incident, other departments and other local or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures are publicized each year as part of the institution's Clery Act compliance efforts, and that information is available on the SCCCD Police Department web page.

All members of the State Center Community College District are notified on an annual basis that they are required to notify the SCCCD Police Department of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. The SCCCD Police Department is responsible for responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant or dangerous emergency. In addition, the SCCCD Police Department is responsible for responding to such incidents to determine if the situation threatens the community. If that is the case, Federal Law requires that the institution immediately notify the campus community or the appropriate community segments that may be affected by the situation.

In the event of a serious incident that poses an immediate threat to members of the State Center Community College District, the police department has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to any of the campus community. These methods of communication include network emails, emergency text messages, and 1st2know, which can be sent to a smartphone (Students will be enrolled when they activate "My Portal. Employees can sign up for this service by registering for the service on "My Portal.") There are also loudspeakers placed throughout each campus that provide voice messages. State Center Community College District has also upgraded its phone system with VoIP phones that can receive audio messages from the Police Dispatcher, much like a loudspeaker.

Evacuation Training and Drills

Evacuation drills are planned events involving a specific building, classroom, or worksite. Because every location is unique, the SCCCD Police Department schedules emergency preparedness courses with Student or Staff Groups to provide training tailored to their specific site. Attendees of the training are instructed on how to evaluate the challenges and opportunities that are present at their location. An inventory of resources is made so the attendees learn how to call for help and develop multiple plans for evacuation within their classroom or worksite. In case of fire, attendees are shown how to use a fire extinguisher and a Stryker Chair.

Attendees participate in developing evacuation responses for hazardous material, earthquake, fire, and active shooter situations. Students, instructors, and managers are encouraged to call the SCCC Police Department at (559) 244-6140 to schedule Evacuation Training and Situational Awareness training.

Lockdown

Lockdown typically refers to a response to a specific immediate threat or danger on campus, such as an active shooter, a violent intruder, or a nearby hazardous situation. During a lockdown, all individuals on campus should quickly secure themselves in a room or area with a locking door, if possible. Doors should be locked, lights should be turned off, and occupants should stay low, out of sight, and remain as quiet as possible. Communication should be limited during a lockdown to avoid alerting potential threats to your location. The goal of a lockdown is to protect individuals from immediate harm by isolating them from the threat and waiting for law enforcement or other authorities to respond and resolve the situation.

Shelter-in-Place Procedures

Shelter-in-place is a broader response to various emergencies, including severe weather events, chemical spills, gas leaks, or other hazardous situations that may not involve an active threat to individuals. During a shelter-in-place, individuals should stay indoors or seek shelter within a building to protect themselves from external dangers like severe weather or chemical exposure. Unlike a lockdown, shelter-in-place may not always involve locking doors or hiding. Instead, it often focuses on staying indoors and away from windows to protect against environmental hazards. Communication during a shelter-in-place is usually encouraged, as it's important to receive updates and instructions from authorities regarding the evolving situation.

Testing of the Emergency Notification System at State Center Community College District

The SCCC Police Department coordinates the testing of the Emergency Notification System once a month. The testing can occur on any day of the week and at any time of the day to approximate a realistic exigent situation. The Department will publish a testing announcement approximately a week before the test. The Police Department's Communications Center will initiate the testing of the following systems:

- Campus e-mail
- Text message (First2Know)
- InformaCast Alert Broadcasts
- Voice Over IP (VoIP) Telephone System
- Public address system (Loudspeakers)

"First2Know," a text messaging software, was upgraded to improve performance during the spring 2020 semester. Students registered for the emergency text notification by default upon enrollment. Staff will have to register themselves and opt-in to receive the notifications. The Department recommends all District employees register for this service. Emergency and General information will often be posted on Facebook @scccdpd and X (formerly Twitter) @SCCCD_PD. This report and other information are also available at the Police Department's website, <https://www.sccd.edu/departments/police/index.html>.

The Emergency Notification System is tested often. Students and Staff receive a notice a couple of days before the test. During the test, an audible test message is sent via our InformaCast system to all VoIP phones and exterior speakers throughout each campus. In addition to the audible test message, the police department sends a text message to all students, faculty, and staff who have subscribed to our First2Know text notification system. The testing is monitored closely by police department personnel and the Information Systems Department.

Campus Safety and Crime Prevention Education

The SCCC Police Department is available to conduct crime prevention presentations on a variety of topics. While the police department may offer advice and assistance regarding campus safety, all campus community members are encouraged to take responsibility for their safety and, when possible, assist others. Members of the campus community are encouraged to report crimes or suspicious circumstances to the SCCC Police Department.

Sexual Assault Prevention Program

Members of the SCCC Police Department provide courses on realistic self-defense tactics and techniques. The RAD program is a comprehensive self-defense course for women that begins with awareness, prevention, risk reduction, and avoidance while progressing to the basics of hands-on defensive training. SCCC PD Members are also available to present video and slide presentations that outline ways to maintain personal safety and residence hall security. Students are told about crime on campus and in surrounding neighborhoods. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered continually. Periodically, during the academic year, the police department, in cooperation with other campus organizations and other departments, presents crime prevention awareness sessions on sexual assault (rape and acquaintance rape), Rohypnol abuse, theft, and vandalism, as well as educational sessions on personal safety and residence hall security. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their security and the security of others.

Various campus organizations throughout each school year sponsor crime prevention programs on personal safety and theft prevention that the SCCC helps facilitate. SCCC Police Department personnel also facilitate programs for students, parents, faculty, and new employee orientations, student organizations, and community organizations, in addition to quarterly programs for Resident Advisers and residents within the residence hall, providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft, and other crimes.

The SCCC Police Department has developed a course on Situational Awareness and offers the training to Female Students. Situational awareness is being aware of what is happening around you in terms of where you are, where you are supposed to be, and whether anyone or anything around you threatens your health and safety. At the course, Students, Faculty and Staff learn the life skills to develop a frame of mind of knowledge, awareness, confidence, and calmness. Attendees learn that there are many strategies for preventing becoming a victim of sexual assault. The attendees learn to envision possible threat situations and learn to develop multiple plans to avoid potential threats. The Attendees are also taught the steps to take for Bystander Intervention.

Bystander Intervention.

A proactive bystander is an individual who accepts personal responsibility for a situation and intervenes to ensure the well-being or safety of others.

Steps to Intervention:

1. Notice the event
2. Interpret the event as problematic
3. Assume personal responsibility
4. Take action

In addition to seminars, information is disseminated to students and employees through crime prevention

awareness packets, security alert posters, displays, videos, and articles and advertisements in the student newspapers.

When time is of the essence, information is released to the campus community through security alerts posted prominently throughout campus or sent by electronic mail and/or an audible broadcasting system.

Reporting Suspected Misconduct

If those suspected of committing a crime are registered students, members of student organizations, or faculty/staff, you may, in addition to filing a police report, report the suspected misconduct for possible disciplinary action. To report suspected misconduct of a registered student, call the Office of the Vice-President of Student Services.

Standard of Conduct for Students

Regulations shall be established for the imposition of discipline on students in accordance with the requirements for due process of federal and state law. The regulations shall clearly define the conduct that is subject to discipline and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student. The board shall consider any recommendation from the Chancellor for expulsion. The board shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. The SCCC Police Department will generate a missing person report and initiate an investigation. Should the police department determine that the student is missing, notifications will be made to the following within twenty-four hours of the determination:

- The student's designated confidential contact
- The student's parent or legal guardian, if under the age of eighteen and not emancipated
- Surrounding law enforcement agencies In addition to the notifications mentioned above, once an investigation is launched, it may include contacting any or all of the following:
 - The student's parents
 - The law enforcement agency that has jurisdiction where the student's permanent residence is located
 - Law enforcement agencies along a route where the student may have likely traveled
 - Any other person or entity that may have information as to the whereabouts of the missing student

If a member of the campus community has reason to believe that a student who resides in on-campus housing at Reedley College is missing, he or she should immediately notify the SCCC Police Department at 559-244-5911. The SCCC Police Department will generate a missing person report and initiate an investigation. In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by police and/or campus administration in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the SCCC Police Department and/or campus administration will notify that individual no later than 24 hours after the student is determined to be missing.

A student who wishes to identify a confidential contact can contact the Resident Hall Supervisor. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement during the investigation. After investigating a missing person report, should the police department determine that the student has been missing for 24 hours, campus administration will notify the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, campus administration will notify the student's parent or legal guardian immediately after the police department has determined that the student has been missing for 24 hours.

Substance Abuse Policy, Sanctions, & Laws

In accordance with the Drug-Free Schools and Communities Act of 1989, the following information is provided regarding District and campus policies prohibiting unlawful possession, use, or distribution of drugs or alcohol; District and campus sanctions regarding drug and alcohol violations by students or employees; federal, state, and local laws and penalties for drug and alcohol offenses; health effects of drug and alcohol abuse; and local resources providing assistance for drug and alcohol abuse (counseling, rehabilitation, or re-entry programs).

District Policy & Sanctions

The District strives to maintain communities and workplaces free from the illegal use, possession, or distribution of alcohol and other drugs. Manufacture, sale, distribution, dispensation, possession, or use of alcohol and controlled substances by District students and employees on District properties, at official District functions, or on District business is prohibited except as permitted by law, District policy, and campus regulations. Students violating these policies are subject to disciplinary action, including suspension or dismissal from the District, and may be referred for criminal prosecution and/or required to participate in appropriate treatment programs. Employees violating these policies may be subject to corrective action, including dismissal, under applicable District policies and labor contracts and may be referred for criminal prosecution and/or required to participate in an Employee Support Program or appropriate treatment program.

Federal Laws & Sanctions:

Under federal law, it is a felony offense to sell or intend to sell, manufacture, or distribute Schedule I and II illicit drugs or mixtures containing them (e.g., cocaine, methamphetamines, heroin, Ecstasy, GHB, Ketamine, LSD, PCP, and so-called "designer drugs," as well as "counterfeits" purported to be such drugs), or to traffic in marijuana or hashish. Depending upon the number of drugs involved, penalties for first offenses range from 5 years to life (20 years to life if death or serious injury is involved) and fines up to \$10 million or more, and for second offenses, from 10 years to life (life if death or serious injury involved) and fines up to \$20 million. Illegal trafficking in over the counter or prescription drugs (including anabolic steroids) has a maximum term of 5 years for first offenses, 10 years for second offenses, and heavy fines. Illegal possession of controlled substances can trigger federal prison sentences and fines of up to \$100,000 for first offenses and more for second offenses. Those convicted of possession or distribution of controlled substances can be barred from receiving benefits of federal programs, including student grants and loans, contracts, and professional and commercial licenses; may be subject to forfeiture of property used in or traceable to illegal controlled substance transactions; and, if non-citizens, subject to deportation.

California Laws & Sanctions:

California law prohibits furnishing and selling alcoholic beverages to underage (younger than 21) or obviously intoxicated individuals. Underage persons may not buy alcoholic beverages or possess them on campus, in public, or in places open to public view; the penalties for violating these laws may include substantial fines and jail. Alcohol may not be sold without a license or permit. State law also prohibits driving a motor vehicle under the influence; a blood alcohol level of .08 percent or higher creates a presumption of intoxication but can be charged with lower blood alcohol levels, drinking or possessing an open container of alcohol while driving and operating a bicycle while intoxicated. Driving while under the influence penalties include jail or prison, fines of \$1,000 or more, driver's license suspension or revocation, and required drug/alcohol treatment programs. Refusing to submit to a test for blood alcohol can result in suspension of driver's license for up to 3 years. Sale or possession for sale of controlled substances such as cocaine, methamphetamines, heroin, Ecstasy, GHB, Ketamine, LSD, PCP, marijuana, and "designer drugs" is a felony with terms of 7 years or more; manufacture results in terms of 20 years or more; possession alone is punishable by up to 7 years in prison. Sentences are enhanced for previously convicted felons, for distribution within 1,000 feet of a school or District campus or within 100 feet of a recreational facility, and for distribution to a pregnant woman or to someone under 18 by one over 18. Property used in drug transactions can be seized.

Sexual Assault Prevention and Response

State Center Community College District does not tolerate sex offenses in any form, including sexual assault, sexual misconduct, harassment, exploitation, or intimidation. Reports of sex offenses may be made to the SCCCD Police Department, Vice President for Student Services, the Health Center, and Psychological Services.

Persons who believe that they have been sexually assaulted or were the object of any sex offense should immediately contact District Police, either by telephone (559-224-5911) or in person, to initiate a crime report. We encourage all victims to obtain necessary medical treatment as soon as possible. The SCCCD Police Department strongly advocates that a victim of sexual assault report the incident promptly. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Police Officer, Title IX Coordinator, Health Center personnel, Psychological Services, campus administrators, a Housing and Residential Education representative, or any District employee. Filing a police report with the police department will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Victims of sexual assault are strongly encouraged to take the following actions:

- Get to a safe place as soon as possible
- Call the police by dialing 9-1-1
- To preserve evidence that will be helpful in prosecution, do not eat, drink, wash, shower, go to the bathroom, douche, or clean up before a medical exam.
- Filing a police report will:
 - Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim.
 - Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally, a victim of sexual assault should not wash, douche, use the toilet, or change clothing before a medical/legal exam);
 - Assure the victim has access to free, confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system as well as the campus disciplinary process. A representative from the Police Department will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available from psychological services at State Center Community College District. Counseling and support services outside those available at State Center Community College District can be obtained through various organizations listed on page 26 of this document.

The preservation of criminal evidence is essential to the successful prosecution of a sex offense. Therefore, it is essential that in cases of sexual assault, District Police should be contacted as soon as possible. Staff counselors are available to assist and accompany the victim of a sex offense from the initial report to the final resolution of the case. If you do not wish to make a report to the police, you are still encouraged to seek professional medical advice. (Please note that all healthcare providers are legally required to report all cases of suspected sexual or physical assault to law enforcement).

Students and State Center Community College District employees suspected of committing a sex offense of any kind are subject to criminal prosecution in addition to disciplinary action under District policies, regulations, and collective bargaining agreements. Campus disciplinary action can be initiated even if criminal charges are not pursued.

In addition to criminal prosecution, complaints against students accused of sexual battery, attempted rape,

rape, or other sex offenses will be processed in accordance with the procedures in the Student Code of Conduct. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. Both shall be informed of the outcome of any campus disciplinary proceeding alleging a sex offense.

Sex offenses can be addressed through college administrative procedures and the criminal justice system. Any criminal proceeding is entirely separate from the administrative proceedings of the college. In addition, students can change their academic situations after an alleged sexual assault if such changes are reasonably available.

The college will disclose to an alleged victim of a crime of violence (as defined under United States Code Title 18, Section 16) or a non-forcible sex offense the report on the results of any disciplinary proceeding. If the alleged victim is deceased as a result of the alleged crime, the next of kin shall be treated as the alleged victim for this purpose.

Domestic Violence Education and Prevention Resources

Domestic and dating violence are serious issues that can have profound physical, emotional, and psychological effects on individuals. If you or someone you know is experiencing domestic or dating violence as a college student, here is some important advice:

1. Seek Immediate Help and Safety:
 - If you are in immediate danger, call 911 or campus security.
 - If you feel unsafe in your current situation, try to remove yourself from the immediate vicinity of the abuser.
 - Go to a safe place, such as a friend's room, a public area, or a campus security office.
2. Talk to Someone You Trust:
 - Reach out to a trusted friend, family member, or mentor to confide in them about your situation.
 - Don't keep the abuse a secret; sharing your experiences with someone you trust can provide emotional support and guidance.
3. Contact Campus Resources:
 - Every SCCC College has resources and services dedicated to assisting students who experience domestic or dating violence. Contact your Title IX Coordinator, campus counseling center, health services, or student affairs office for help and information.
4. Contact Local Support Services:
 - Reach out to local organizations and agencies that specialize in assisting victims of domestic and dating violence. They can provide valuable resources, including counseling, legal support, and shelter options.
5. Create a Safety Plan:
 - Develop a safety plan that outlines steps to take if you feel threatened or unsafe. Share this plan with a trusted friend or family member.
 - Include information on where to go for safety, who to call, and how to document evidence of abuse.
6. Know Your Rights:
 - Familiarize yourself with your college's policies on domestic and dating violence, as well as your legal rights. Many colleges have policies in place to protect victims and hold perpetrators accountable.
7. Consider a Restraining Order:
 - If you are being threatened or harassed by an intimate partner, you may want to explore obtaining a restraining order or protective order through the legal system.
8. Focus on Self-Care:
 - Taking care of your physical and emotional well-being is crucial. Seek counseling or therapy to address the emotional trauma you may be experiencing.
 - Maintain a healthy lifestyle by getting enough sleep, eating well, and engaging in regular physical activity.
9. Educate Yourself:
 - Learn about the signs of abusive behavior in relationships, the cycle of violence, and healthy relationship dynamics. Education can empower you to recognize and address abusive situations.
10. Reach Out for Support Groups:
 - Consider joining a support group for survivors of domestic or dating violence. These groups can provide a safe space to share experiences and gain support from others who have gone through similar situations.

Remember that you don't have to face domestic or dating violence alone. There are people and resources available to help you. Reach out for support, prioritize your safety, and take steps to protect yourself from further harm. Your safety and well-being are paramount.

Sex Offender Registration Information

The federal Campus Sex Crimes Prevention Act requires institutions of higher learning to issue a statement in their annual security report detailing where members of their campus community can obtain information concerning registered sex offenders. It also requires sex offenders who are required to register under state law to provide notice of their enrollment or employment at any institution of higher learning in the state where he/she resides. In addition, California law requires sex offenders who attend a campus and all campus-affiliated sex offenders to register with campus law enforcement. Members of the public may access information on sex offenders at Megan’s Law website, which is maintained by the Department of Justice: www.meganslaw.ca.gov.

Sources for Crime Statistics

This report contains State Center Community College District crime statistics compiled for 2020, 2021, 2022, and 2023. The SCCCD Police Department collected the information used in this report.

Crime Statistics

Under the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, State Center Community College District campuses annually report statistics on occurrences of the following offenses to the U.S. Department of Education.

- Homicide
- Manslaughter
- Robbery
- Aggravated Assault
- Sex offenses (Forcible and non-forcible)
- Burglary
- Motor vehicle theft
- Arson
- Hate Crimes

Statistics for the above-mentioned offenses are available through the Department of Education’s Office of Post-Secondary Education. They are available online at <https://ope.ed.gov/campusafety>.

Offense Definitions

The Clery Act defines crimes based on the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting

Handbook (UCR). For sex offenses only, the definitions used are from the FBI's National Incident-Based Reporting System (NIBRS) edition of the UCR. Hate crimes are classified according to the FBI's Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection. Although the law states that institutions must use the UCR to define and classify crimes, it does not require the reporting of Clery Act crime to meet all UCR standards.

Murder and Non-Negligent Manslaughter: the willful (non-negligent) killing of one human being by another.

Negligent Manslaughter: the killing of another person through gross negligence.

Sex Offenses, Forcible: any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. There are four types of forcible sex offenses:

- **Forcible Rape** is the carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females.
- **Forcible Sodomy** is oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/ her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an object** is the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity. An object or instrument is anything used by the offender other than the offender's genitalia. Examples are a finger, bottle, handgun, stick, etc.
- **Forcible Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/ her temporary or permanent mental incapacity. Forcible fondling includes "indecent liberties" and "child molesting."

Sex Offenses, Non-forcible are incidents of unlawful, non-forcible sexual intercourse. Only two types of offenses are included in this definition:

- **Incest** is non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** is non-forcible sexual intercourse with a person who is under the statutory age of consent. If force was used or threatened, or the victim was incapable of giving consent because of his/her youth, or temporary or permanent mental impairment, the offense should be classified as forcible rape, not statutory rape.

Robbery: the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: the unlawful entry of a structure to commit a felony or a theft. The UCR classifies offenses locally known as Burglary (any degree); unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts at these offenses as Burglary.

Motor Vehicle Theft: the theft or attempted theft of a motor vehicle.

Arson: any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes: any of the aforementioned offenses, larceny, simple assault, intimidation, and vandalism reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator's bias. Categories of bias are:

- **Race.** A preformed negative attitude toward a group of persons who possess common physical characteristics (color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind (Asians, blacks, whites).
- **Gender.** A preformed negative opinion or attitude toward a group of persons because those persons are male or female. Gender bias is also a Clery Act-specific term, not found in the FBI's Hate Crime Data Collection Guidelines.
- **Religion.** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (Catholics, Jews, Protestants, atheists).
- **Sexual orientation.** A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (gays, lesbians, heterosexuals).
- **Ethnicity/national origin.** A preformed negative opinion, or attitude, toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions (Arabs, Hispanics).
- **Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired, accident, by heredity, accident, injury, advanced age or illness.

Liquor Law Violations: the violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

Drug Law Violations: the violation of laws prohibiting the production, distribution and/or use of

certain controlled substances and the equipment or devices utilized in their preparation and/or use; the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance.

Weapons Law Violations: the violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons.
