Mood on State and SCCC Education Measures

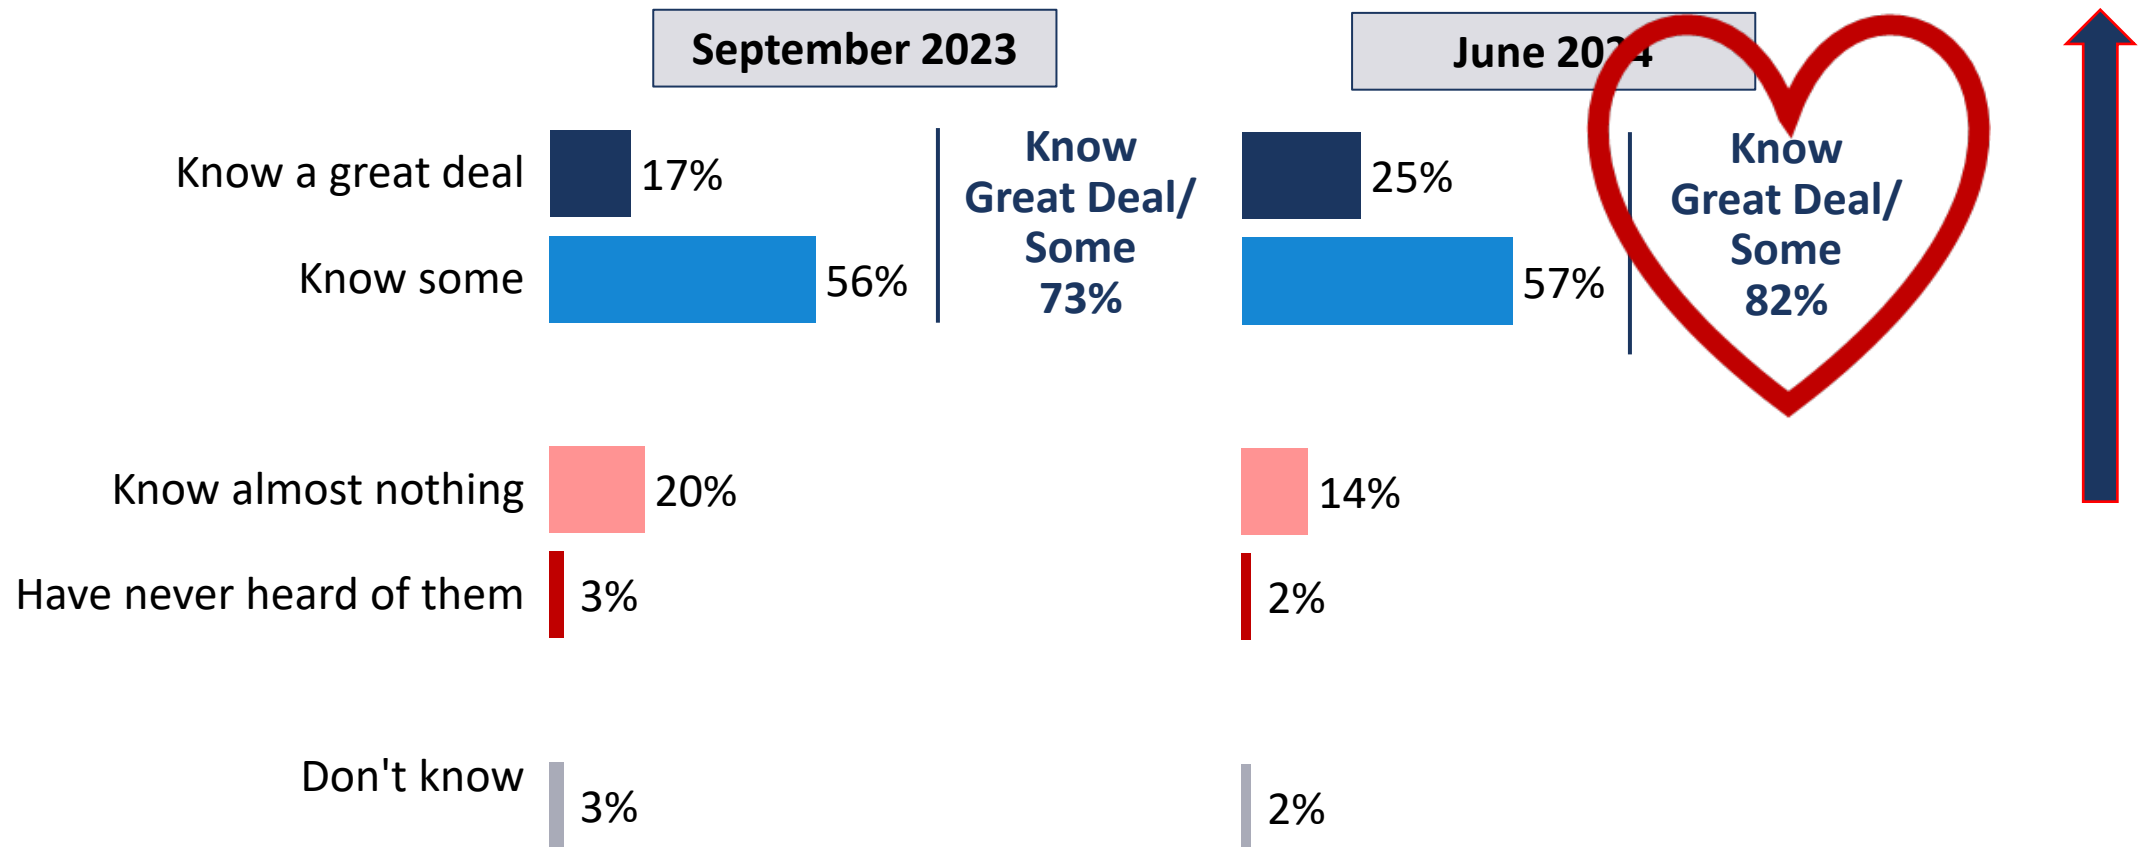

A majority supports a statewide bond measure to fund improvements to California public schools and community colleges.

SCHOOL BONDS. FUNDING FOR K-12 SCHOOL AND COMMUNITY COLLEGE FACILITIES. INITIATIVE STATUTE. Authorizes \$14 billion in general obligation bonds for new construction and modernization of K-12 public school facilities; charter schools and career technical education facilities; and California Community Colleges facilities. Fiscal Impact: Increased state costs to repay bonds estimated at about \$934 million per year over the next roughly 30 years.

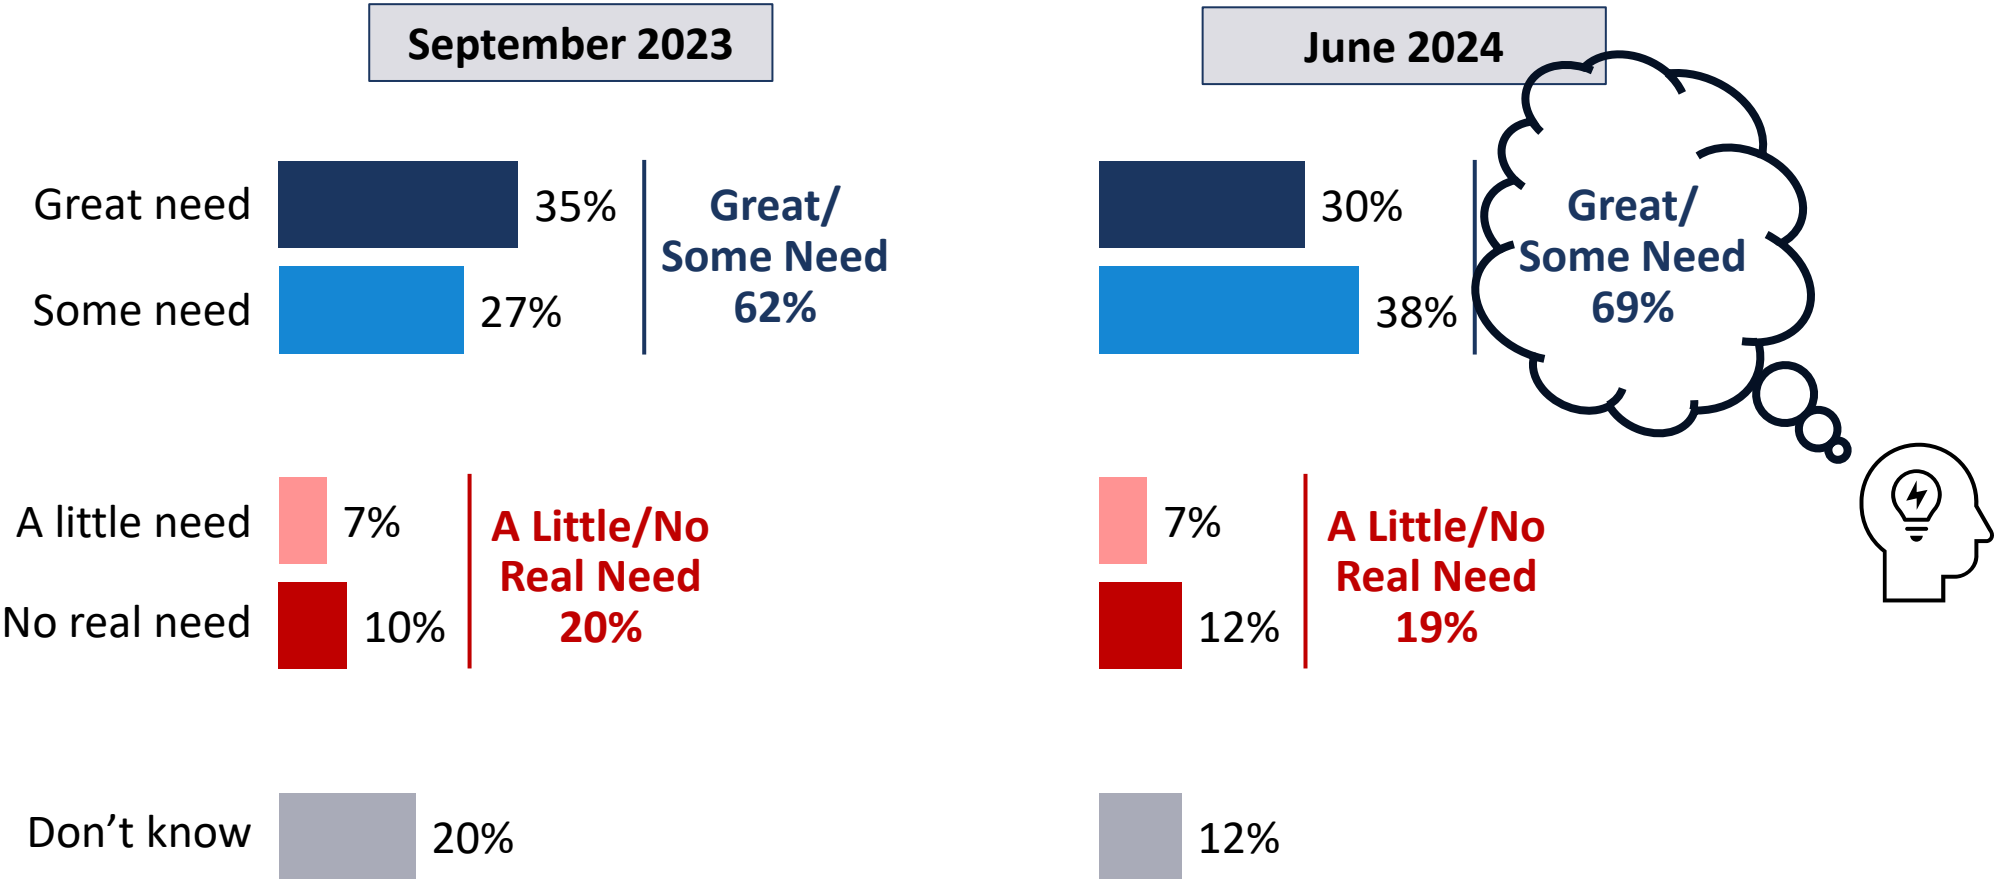

Awareness of State Center CCD has increased to more than eight in ten...

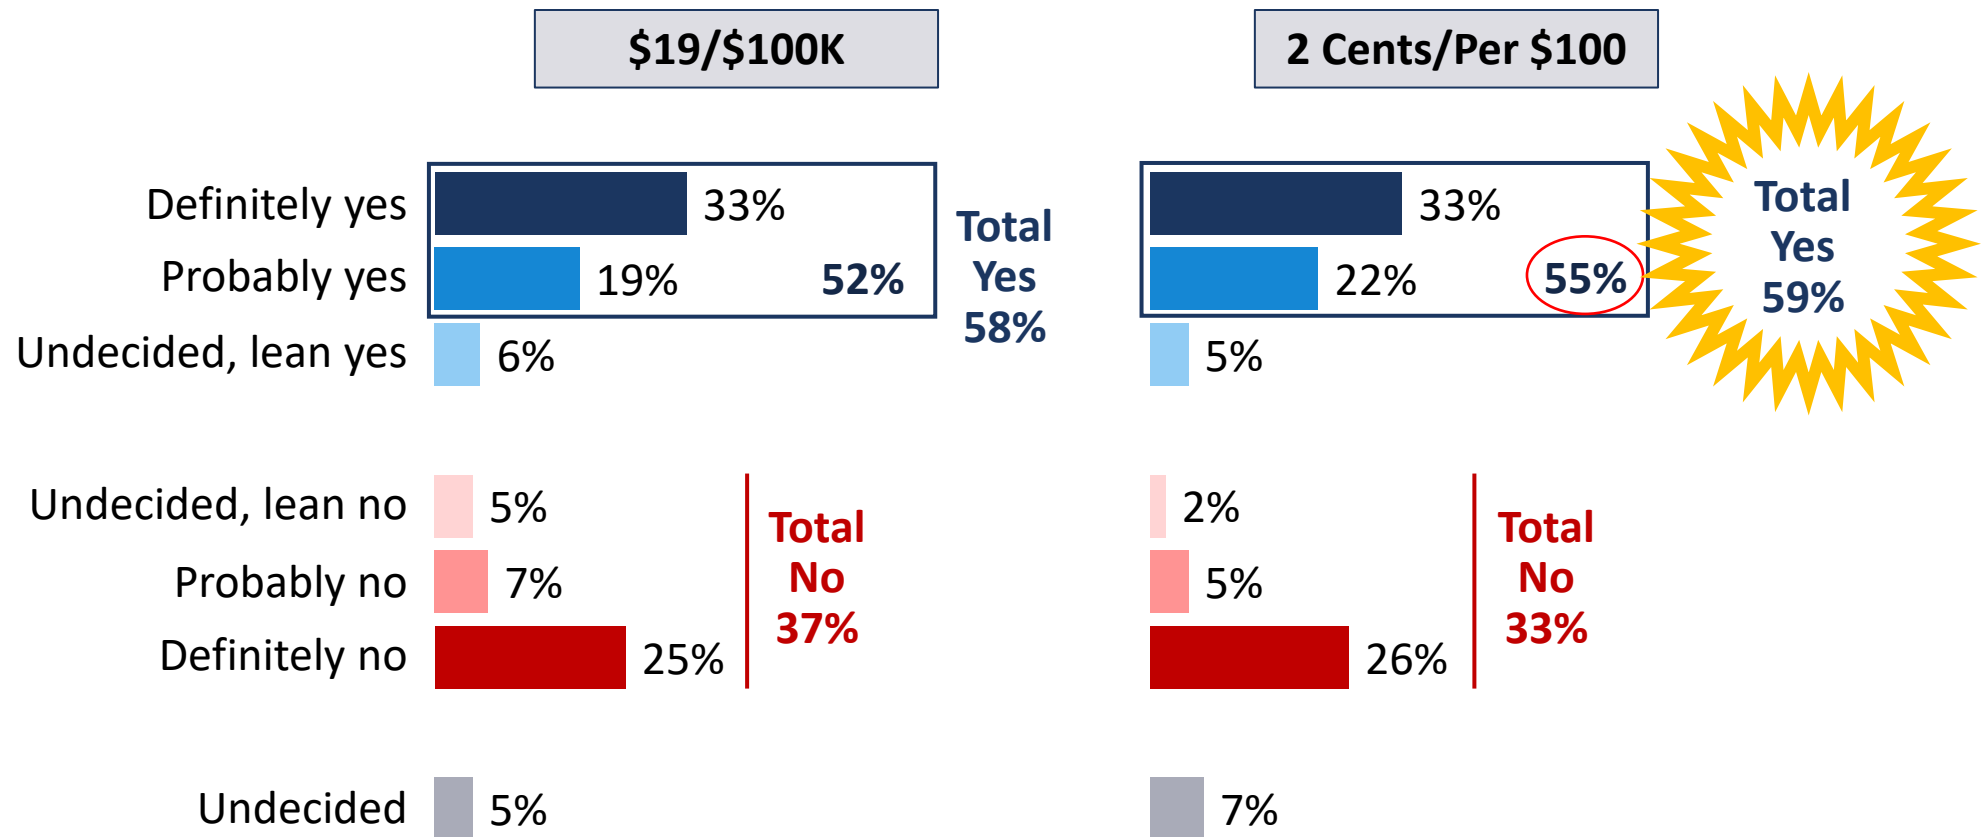

*As you may know, you live in the State Center Community College District.
How much do you know about your local community college?*

...and nearly seven in ten now believe their local community college needs additional funds.

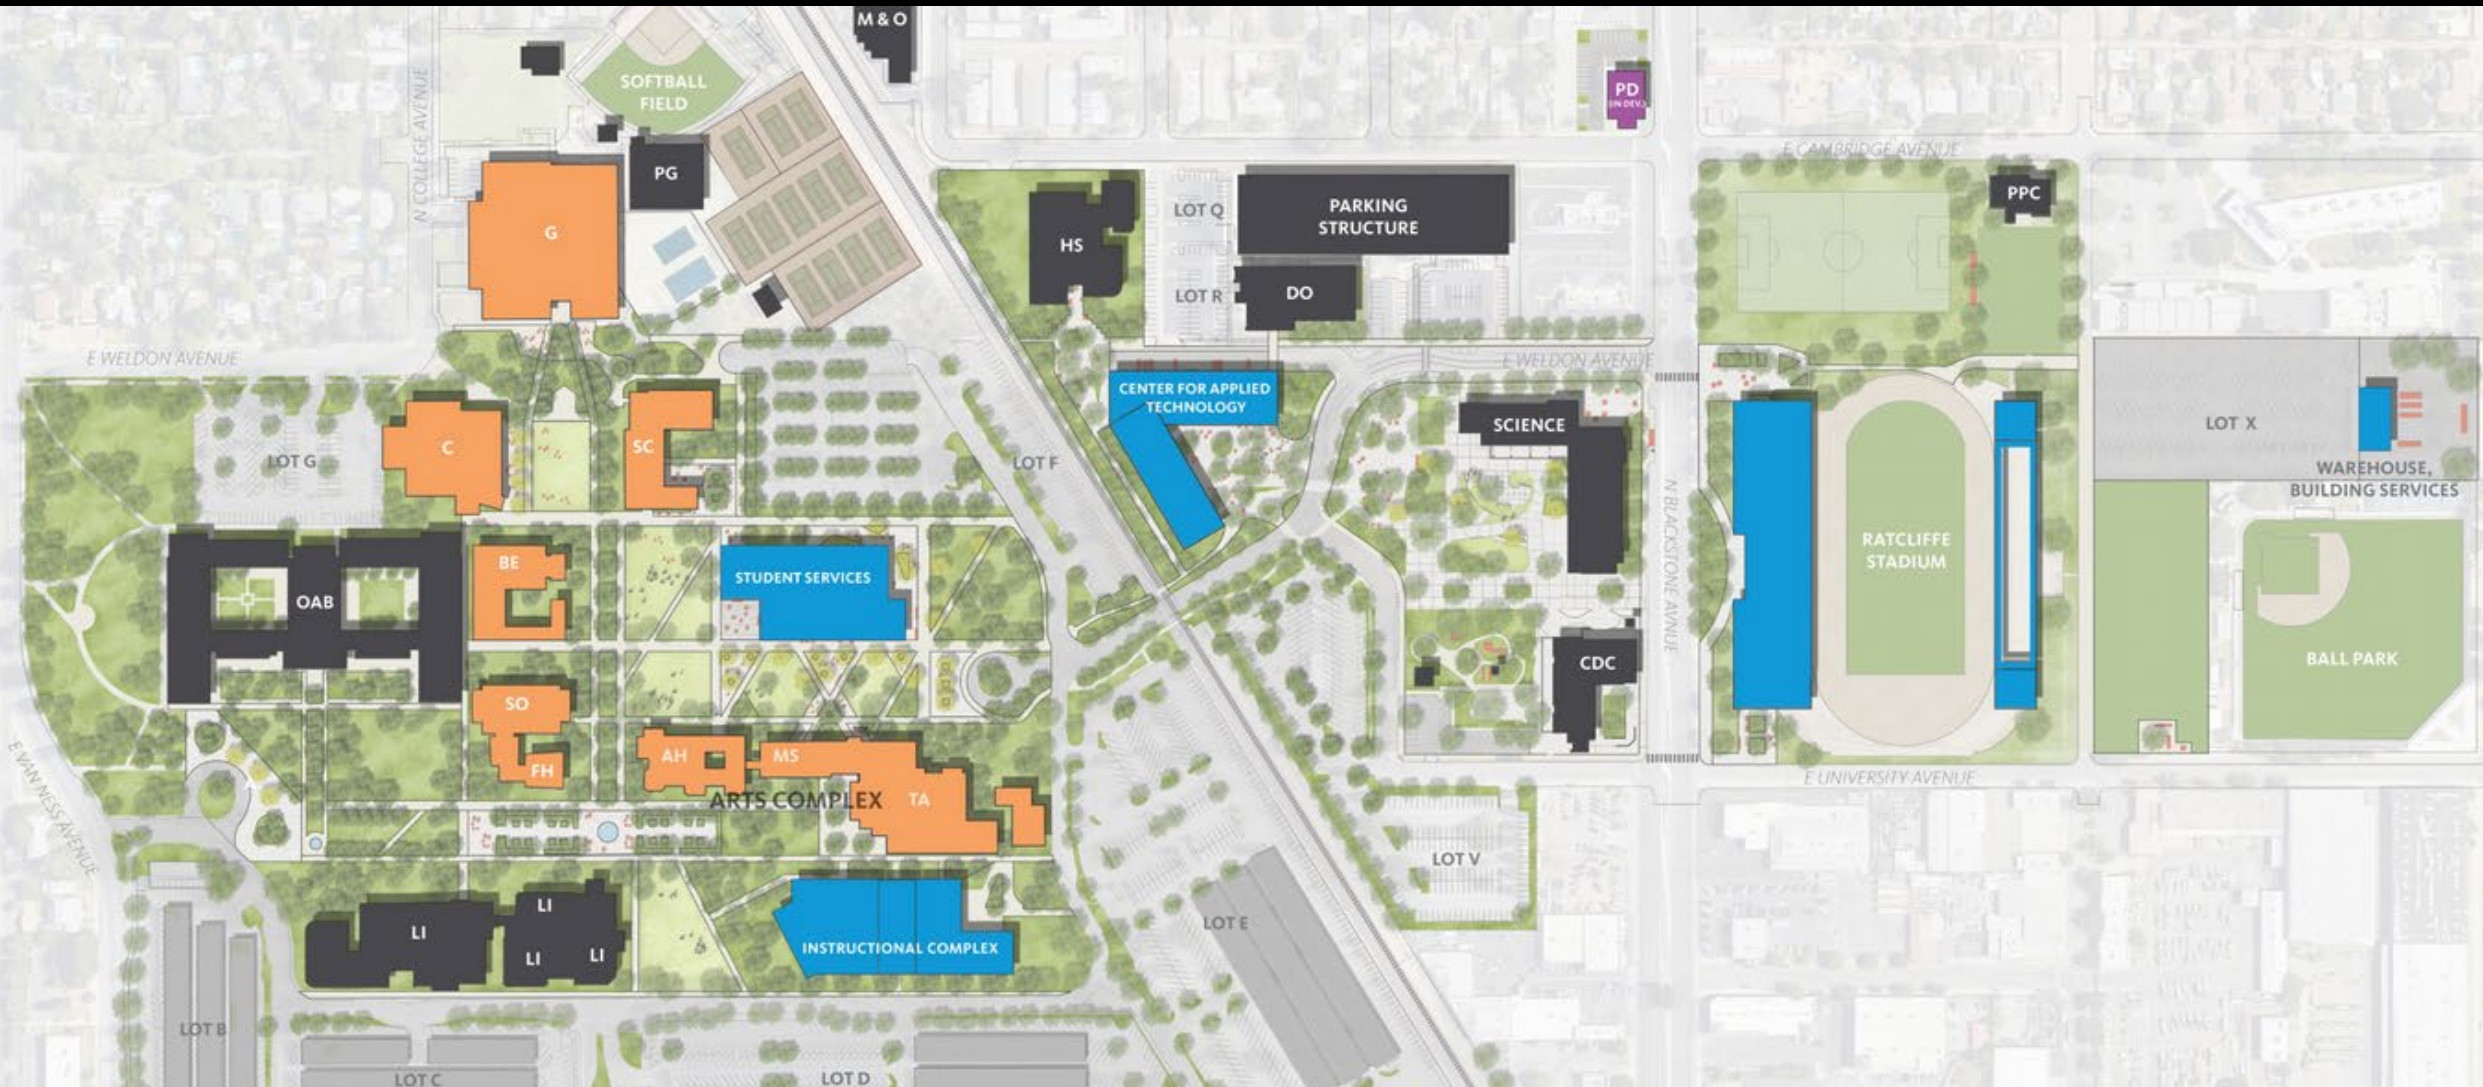

Nearly six in ten vote in favor when combining all “yeses,”
and there is a slight preference for the cents description.

Educate, Don't Advocate

What we CANNOT do and say

Educate, Don't Advocate

What we CANNOT do while “at work”

- ❌ Use district copiers, meeting rooms, or suppliers to advocate for or against the measure, or discuss bond campaign matters – this includes computers, district cell phones or direct lines and district e-mail addresses
- ❌ Release public employees from ordinary duties during the paid working day in order to allow them to campaign on behalf of a bond measure

Educate, Don't Advocate

What we CANNOT do and say while “at work”

- ⊘ Urge voters to favor or oppose a bond measure that is before the voters; nor can we discuss "voting yes" in the classroom as a way to influence voters
- ⊘ Recruit volunteers for the campaign
- ⊘ Raise funds for the campaign

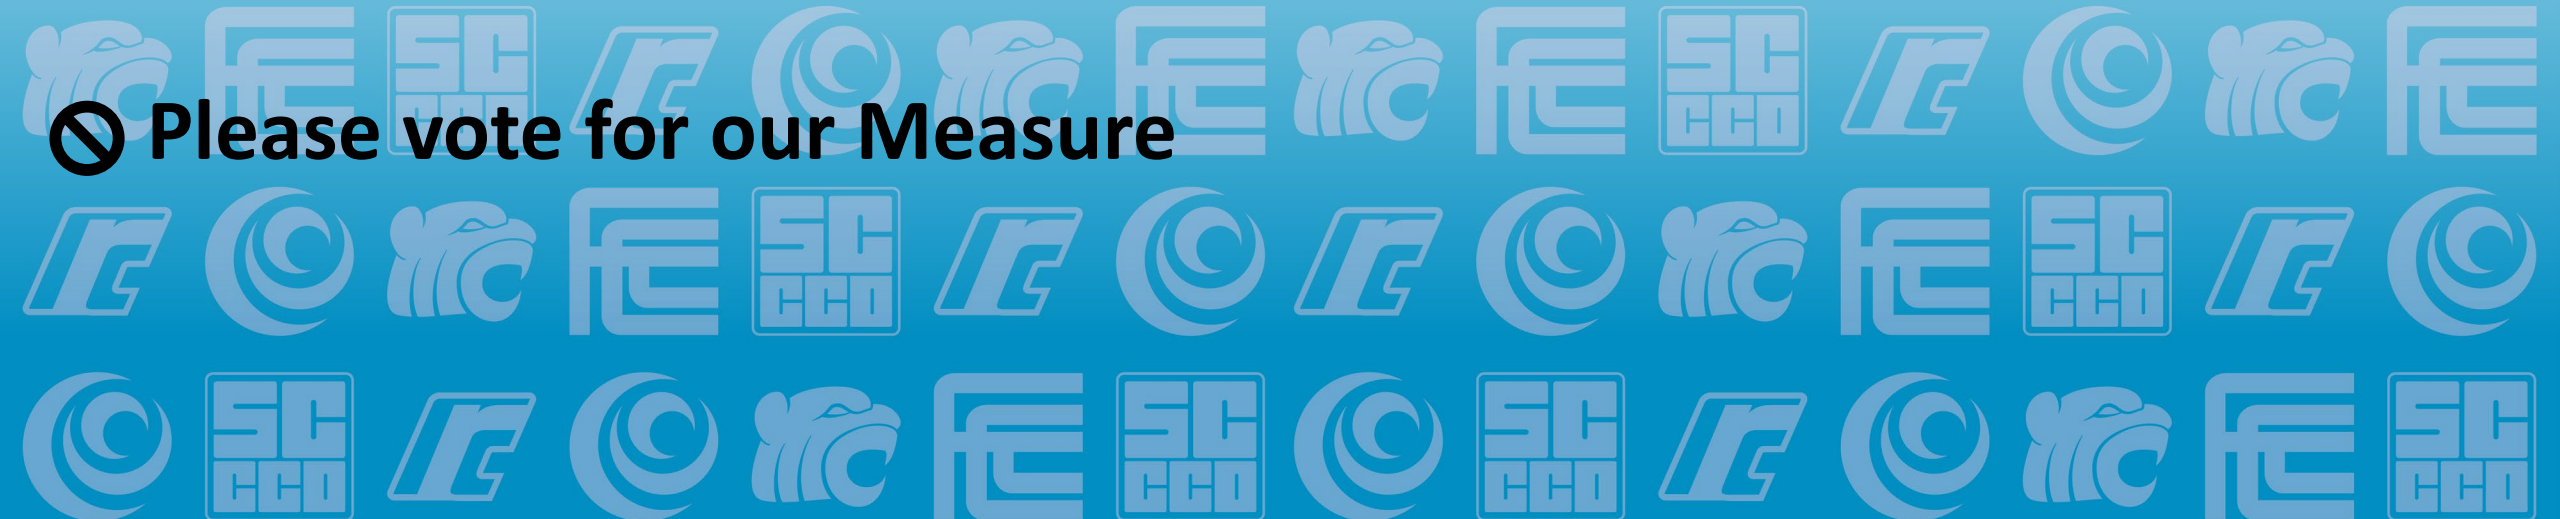

Educate, Don't Advocate

What we **CANNOT** say while “at work”

⊘ If you don't support our Measure, our colleges will fall apart

⊘ We really hope you support our Measure

⊘ Please vote for our Measure

Educate, Don't Advocate

Educate, Don't Advocate

What we CAN do

- ✓ Undertake studies and gather data in connection with the condition and needs of the campuses
- ✓ Inform the citizens of the College's programs and activities, including the need for improved facilities
- ✓ Provide factual, unbiased information about the needs facing the district and what the bond measure will accomplish

Educate, Don't Advocate

What we CAN do

- ✓ **Distribute factual, unbiased flyers informing voters about the measure**
- ✓ **Distribute information that constitutes a fair and impartial presentation of fact to aid voters in reaching an informed judgement regarding a bond issue**
- ✓ **Give a fair presentation of the facts in response to a citizen's request for information**

Educate, Don't Advocate

What we CAN do

- ✓ Provide factual, unbiased information about the needs facing the district and what the bond measure will accomplish
- ✓ Provide factual, unbiased information about *what will happen if the measure does not pass*
- ✓ Any officer or trustee may appear at any time before an organization, when requested by the organization, to present the district's view of a bond measure, to discuss the reasons why the Board has called a bond election, and to answer taxpayer questions

Educate, Don't Advocate

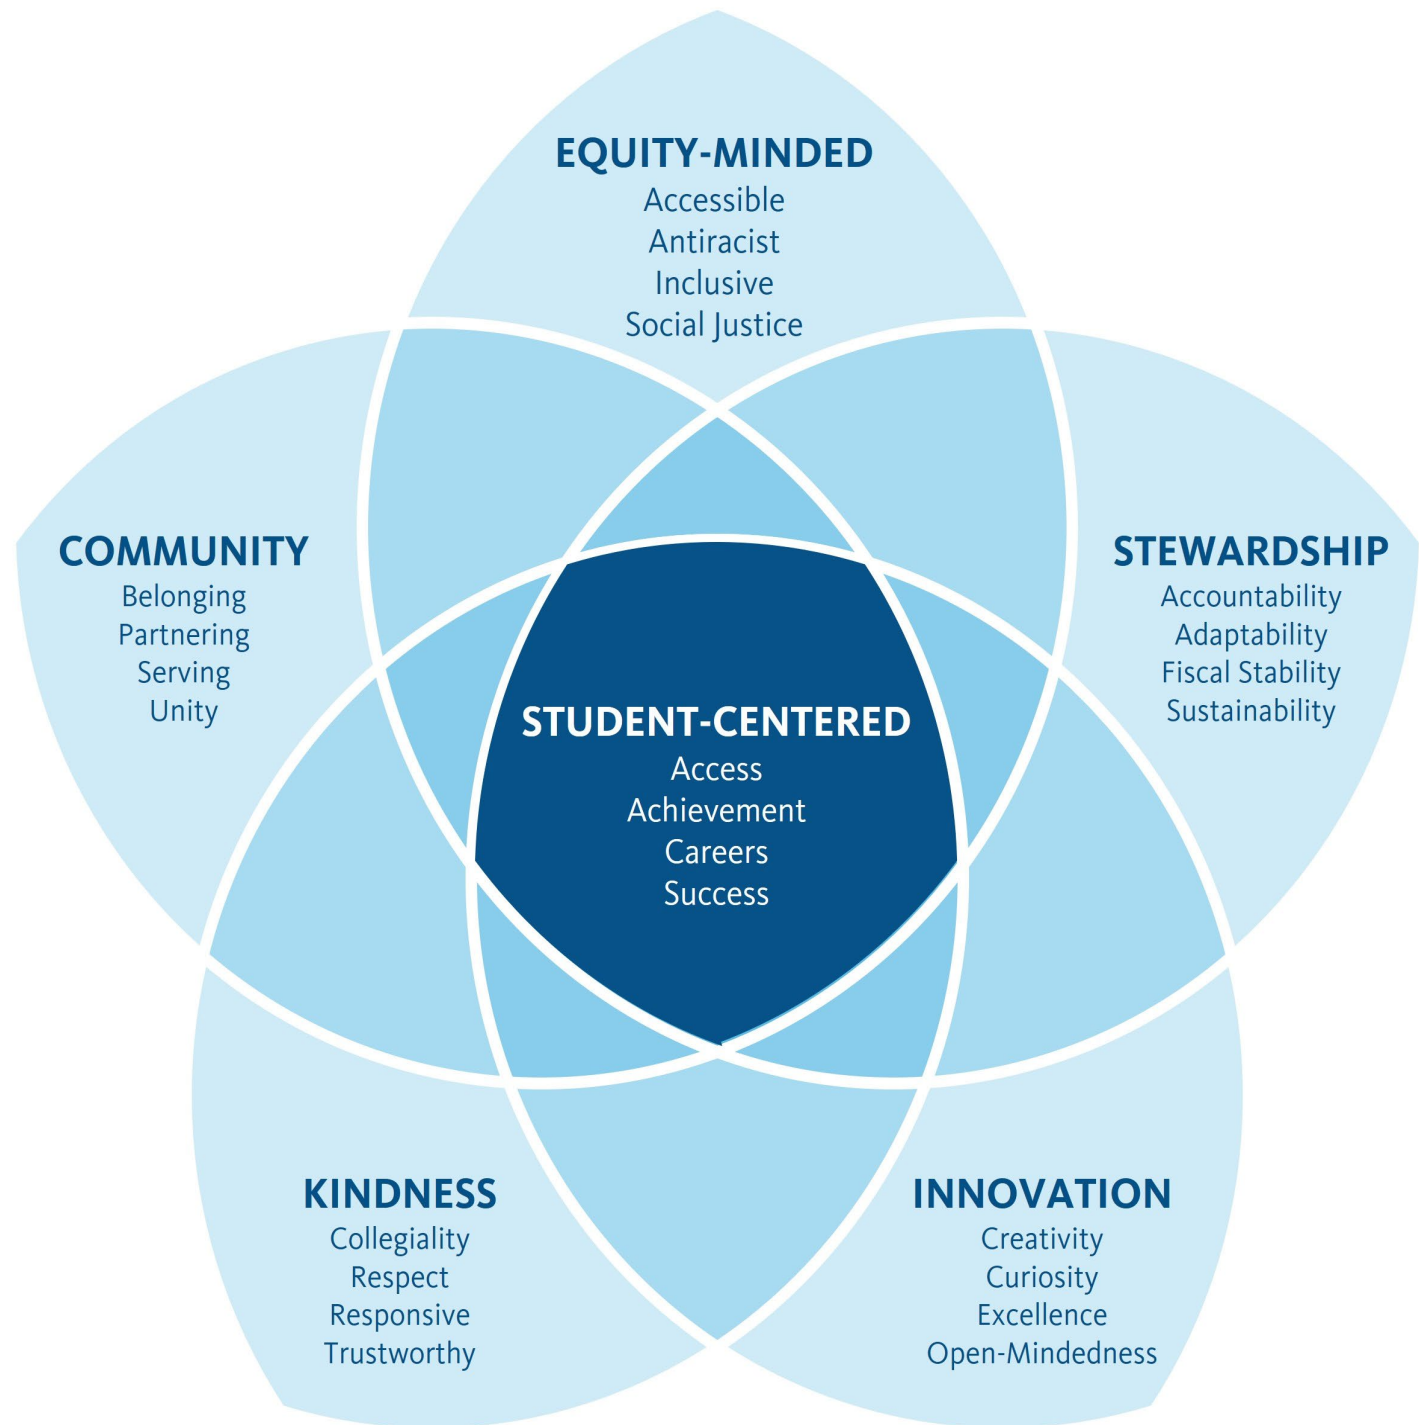

What we CAN SAY

- ✓ If voters approve, bond funds will be used for...
- ✓ The bond will only be used on facility needs, not salaries
- ✓ Oversight for this bond measure will come from the Citizen's Bond Oversight Committee, which is a non-paid position
