III. SUMMARY OF BOND IMPLEMENTATION PLAN

A. FRESNO CITY COLLEGE CAMPUS

What's working well for Fresno City College and City of Fresno.

- Distinction of first community college in the state of California and the second oldest in the nation
- Campus Gems : Old Administration and the Library Building
- Outdoor plazas and green spaces with shade trees
- Strong Leadership, Quality Instruction and staff
- Partners with Local High School programs
- Largest CTE program in the Valley

Needs

- A "Front Door"
- A presence/strong image on Blackstone
- A better connection between East and West campus of FCC. Connection needs to be less of a back door
- More parking
- Better pedestrian circulation around campus
- Access to campus from the east side not affected by Train

II. SUMMARY OF BOND IMPLEMENTATION PLAN

B. MATH SCIENCE BUILDING

What's working well ?

- Quality instruction , engaged faculty and growing program
- Close proximity to greenhouse and gardens
- A large collection for the Natural History Museum
- Creative use of Hall space.

Needs

- Building presence and enhanced entry
- Need to upgrade the facilities to meet current safety and code requirements.
- Train affecting sensitive equipment
- More useable program spaces
- Build for future growth.
- Utility and Technology upgrades

II. SUMMARY OF BOND IMPLEMENTATION PLAN

C. ART / HOME ECONOMICS MODERNIZATION

What's working well ?

- **Quality Instruction and Staff**
- **The Art Space Gallery is wonderful and has some great art shows**
- **The location is good for the art gallery**

Needs

- **Updated code compliant facilities**
- **Culinary arts program upgrades and program presence**
- **Better security is needed as well as better lighting.** There are several hidden “creepy” spaces that need to be eliminated
- **Enhanced entrance to the Art Space Gallery.** Currently it's not obvious where the Art Gallery is
- **A better distinction between this building and the Music Building.** Currently the two blend into one another. This makes it difficult especially for first time students trying to find their classes.
- **Technology upgrade** is needed for this building

II. SUMMARY OF BOND IMPLEMENTATION PLAN

D. CHILD DEVELOPMENT CENTER

What's working well ?

- Great resource for FCC students to receive professional training
- Provides child care services for FCC students faculty staff and community members
- Good location for community and student access
- High demand program

Needs

- Additional Space (Physical space preventing them from growing)
- Observation rooms so that FCC students aren't in the way
- Improve connection to the rest of FCC campus: Perceived as being far away from the west side of campus.

II. SUMMARY OF BOND IMPLEMENTATION PLAN

E. POLICE ACADEMY

What's working well ?

- **One of the top law enforcement training facilities in the State of California**
- **High demand**
- **The Police Academy is a hub for several local law enforcement agencies and is a nexus of activity.**

Needs

- **New facilities to accommodate classrooms, weight rooms, locker rooms, conference room & office space**
- **Driving Course/Scenario Village combination**
- **Buffer from other programs**
- **Can share with Fire academy**
- **Possible new location off campus**
- **Need additional physical training space**

II. SUMMARY OF BOND IMPLEMENTATION PLAN

F. FIRE ACADEMY

What's working well ?

- Prepares students for entry level firefighting
- Includes EMS and Paramedics Program
- High demand: 200 + on waiting list
- **It's location off campus works well being separated from residences and other student populations**

Needs

- **More space:**
 - **More training space, Driving course**
 - **Classroom and Storage space**
 - **Office space for training staff**
 - **Work out space**
- **Place to house ambulance and large vehicles**
- **Place to do practice operations**
- **Practice tower: for drills only and burn boxes**
- **Buffer from other programs with police possible new location off campus**

II. SUMMARY OF BOND IMPLEMENTATION PLAN

What's working well ?

- Quality instruction and engaged faculty
- Serves the community well and high demand
- Location being close to industry
- Strong automotive credit program
- Strong maintenance and mechanics program

Needs

- More space:
 - Dedicated classroom space
 - More space: welding, machining, etc. are “on top” of each other
 - Storage Space
- Simulated warehouse scenario
- Combine both campus program to grow existing programs such as automotive and advance manufacturing
- Expand vehicle service to include medium and large truck, and fire engine service. Include fire truck maintenance program and look at contracting with the city and county
- Better public transit. Currently there is not bus stop to this campus location

II. SUMMARY OF BOND IMPLEMENTATION PLAN

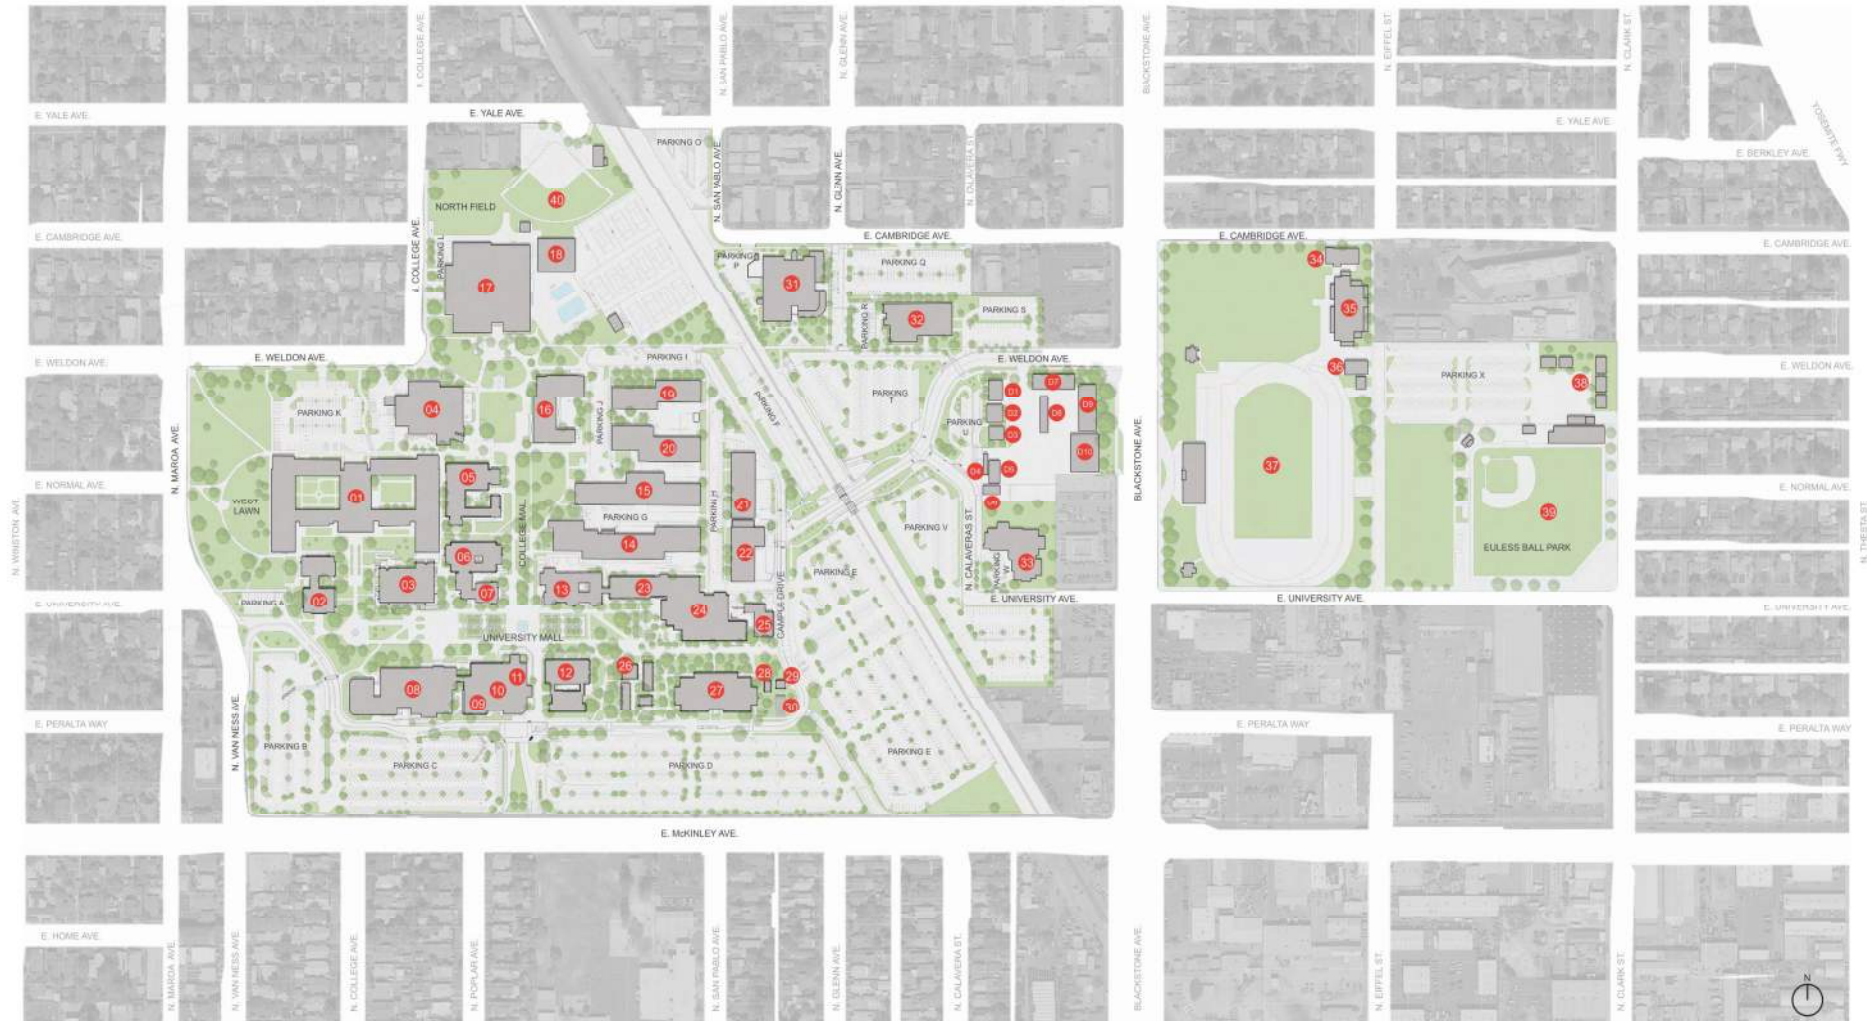

H. WEST FRESNO CENTER

Site Attributes

- Strategic combination of program types
- High impact programs
- Close transportation hubs
- Access to infrastructure
- Build strong connection with school districts
- Away from Airport
- Accessible to freeways
