State Center Community College District
Reedley College Science Building - Dental
Location: Reedley College, PCR – 2:00 PM
Date: 6/21/2017

Darden Project No. 1720

Next Meeting to be held on: TBD

Meeting Minutes No. 1

Programming

Dental Programs to be served by the project: Dental Assistant

Number of Nursing Students served by the various programs (by semester):

Lecture in the morning, Lab in the afternoon.

Space Types need to support the programs:

Space for Skills practice to simulate an actual Dental Office
Prefer separate access/Entry to accommodate outside patients
Prefer ground floor location

Lecture – Number of Students to be accommodated – Hours used per week

32 hours per week for Lecture and Lab

Current Classroom Space seats 32
Need Classroom/Lecture Space for 42

Prefer to have a Larger presentation Space "LGI" lecture room is used in the morning 8:30 AM -1:00 PM. Can be shared with other programs. Seating for a min. of 60.
Provide Tables with chairs in stepped lecture space with Aisle in the middle.
(Like layout that is used now)
Provide overhead projector with screen
Provide TV/DVD
Computers are not required
Provide Marker Board for lectures
Provide supply storage all around room.

Lab – Type of Lab space needed

Dental Space

Provide 8 Dental Chairs/ Work stations, One student per chair and one student as an assistant to switch off. Allow space for instruction and observation.
Provide X-Ray equipment to be shared between each (2) Dental Chairs in a cabinet.
Provide a computer at each Dental chair
Provide a sink and counter between each Dental work Station (4) total.
Provide a Demonstration Dental chair with cameras to be viewed by each Dental work station

X-Ray Space, centrally located

Sterilization space centrally located

Supply Storage area

Provide storage for Dental supplies.

Reception/ Waiting Area

Seating for 16 – 20, Patients are scheduled to come in 4 at a time
Provide Lockable filing cabinets and filing Space for Record storage of Student and patient records.
Provide Check –in System by Computer
Provide Restrooms adjacent to Dental Lab.
Quantity of Labs needed:

Office Required:

3 part time staff.
2 full time staff. (Possible to add 1 Full time position in future)
Prefer to have office staff adjacent to the teaching area.
Prefer 3 offices with room for 2 desks in each. (One desk is for the part time faculty use)
Potential for offices to view into Dental Work stations

Interior Finishes:

TBD

Utilities:
Compressor / Vacuum is outdoors, due to noise of equipment.
A separator for Amalgam use may me located outside
Provide natural gas for Burners
Provide air for lab use
Provide clean Air to Dental chairs

State Center Community College District, Meeting Minutes
June 21, 2017

Summary:

Instruction requires (I) instructor per 6 students, by Law, for X-Ray there are (2) instructors for 12 students.
Rooms are currently lead Lined, research lead lined protection requirements for new Space.
Fresno City College has a Dental area, but Sterilization and X-ray rooms are too far away. Reedley College would like adjacent for to Dental workstations.
San Mateo, Ca. has a school that should be researched as a guide to follow for space planning
Marie will schedule a tour of the existing Dental Space to identify equipment that may be moved. The tour will be after July 4th.
Patterson Equipment Supply can also be used as a space planning consultant
