John Smith, SIM-PBK
Ken Prugh, SIM-PBK

Distribution:

Alan Stilts (alan.stilts@pbk.com)
Sergio Alanis (sergio.alanis@pbk.com)
Cliff Whittingstall (Cliff.Whittingstall@PBK.com)
Kiesha Oliver (kiesha.oliver@scccd.edu)

Submitted by Ken Prugh

Items Discussed

- A. Presentation: Raleigh Sullivan
 - 1. Design concept presented.
 - 2. Community input for design was illustrated with examples comparing “red dot / green dot” concept images to the final design.
 - 3. Overall layout of the spaces
- B. Additional commentary: Dr. Carole Goldsmith
 - 1. Items discussed:
 - i. That this campus will be what the community needs
 - ii. Funding goals and progress
 - iii. Examples of success from other schools FUSD
- C. Open Q & A: Carole Goldsmith

Meeting Minutes 032

State Center West Campus

State Center Community College District

SIM-PBK Project Number 18-14

1. Questions brought up:
2. Based upon Fresno campus, will there be ample parking?
 - i. Raleigh brought up the number of spaces for phase I and for phase II.
 - ii. There should be ample parking and access by city bus
 - iii. Carole mentioned the Bolt to college shuttle that is being used on other campuses
3. Cafeteria on site?
 - i. At first there will be pre-packaged food in the on-campus store.
 - ii. There will be a student union in phase II
 - iii. There might be opportunities for student-run lunch trucks to be on-site
4. ADA accessibility to site?
 - i. It is a part of the design and required by the state.
5. Will there be a Veterans resource center?
 - i. Not yet, but there is a desire for this sort of addition to phase II.
6. Will there be “good” teachers on site?
 - i. Many established instructors from other campuses are wanting to move to this site.
 - ii. New hires will be made
 - iii. There will also be an opportunity for employment within the support staff
7. How many acres is the site?
 - i. Almost 40 acres. ½ the size of the Fresno campus
8. How is this campus going to make this area of Fresno smarter?
 - i. It’s not that the people aren’t smart, they haven’t been given the resources to fulfill their potential. This campus will provide that.
9. Safety issues:
 - i. Emergency call buttons
 - a. Yes, these will be located around campus
 - ii. Parking lot security
 - a. Lighting
 - b. Security cameras
 - iii. Security force
 - a. Yes, there will be campus security
10. What sort of career pathways will there be?
 - i. Automotive Technology, Welding, Electric vehicles, Big Rigs, Others associated with the ATC facility
 - ii. Nursing Assisting
 - iii. General “core” classes
11. When will the project break ground?
 - i. Break ground in 2020
12. When is funding starting for phase II?
 - i. As soon as possible
