Stewardship in Our Roles

- As college professionals, stewardship includes managing educational resources, supporting student success, and fostering a positive campus environment.
- Question: What are your stewardship responsibilities in your role? Discuss with a partner.

Identifying Stewardship Projects

- Think about projects related to your stewardship role that you wish you had time to organize better.
- Activity: Brainstorm and list potential project ideas. Pick one to focus on today.

Create a SMART Goal

- Specific
 - Measurable
 - Achievable
 - Relevant
 - Time-bound
-
- Activity: Create a SMART goal.

Identify Potential Resources

- What facilities, equipment, tools and support will you need to accomplish your goal?
- Write a list.

Developing Your Project Timeline

- Create a rough draft timeline for accomplishing your stewardship-based project.
- Activity: Outline key milestones and deadlines.

Building Your Support Team

- Identify 3-5 people who can form a diverse support team.
- Support team members can be from different schools in the district or hold different positions in the college.
- Activity: List potential support team members.

Sharing Your Plan

- Ask participants to email their SMART goals and timeline to their support team.
- Activity: Draft an email to share your goals and timeline with your support team. Ask them for feedback.
